

## KeyW Wins Award on GSA's \$135 Million Remote Sensing, Command Control Communications and Computer IDIQ Contract

August 27, 2018

HANOVER, Md., Aug. 27, 2018 (GLOBE NEWSWIRE) -- [The KeyW Holding Corporation](#) (NASDAQ:KEYW) today announced that the [General Services Administration](#) awarded the company a Blanket Purchase Agreement (BPA) under the Professional Support Services Schedule to support the Department of Defense and Defense agencies. The multiple award BPA has an estimated value of \$135 million over five years.

Under the contract, KeyW will provide professional engineering services across the Remote Sensing, Command Control Communications and Computer (RS&C4) mission areas to develop, evaluate and operate innovative capabilities for Joint Service needs. KeyW's Executive Vice President of Corporate Strategy and Business Development Kirk Herdman commented, "This new award is important to growing and aligning KeyW's IDIQ portfolio with our core competencies." KeyW's strategic areas of focus line up particularly well with the scope of this contract—manned and unmanned aerial systems engineering; forensics, cyber technologies, data, control; and computer research, operations and assessments.

"We're excited to bring KeyW's strong intelligence, surveillance and reconnaissance capabilities to this mission. This work helps support near- and long-term warfighter requirements and aligns with KeyW's core strengths in operational cyber, identity intelligence, advanced sensing and computer forensic capabilities," added Herdman.
