PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD AUGUST 13, 2014

This Proxy Statement and enclosed Proxy Card are furnished to the holders of common stock, \$0.001 par value (the "Common Stock"), of The KEYW Holding Corporation, a Maryland corporation ("KEYW" or the "Company") and is solicited by the board of directors of the Company (the "board of directors") for use at the Annual Meeting of Stockholders to be held on August 13, 2014 and at any adjournments thereof (the "Annual Meeting"). The Annual Meeting will be held at 10:00 a.m. Eastern Time on Wednesday, August 13, 2014, at KEYW's Corporate Headquarters, 7740 Milestone Parkway, Suite 400, Hanover, MD 21076. The approximate date on which the Notice of Annual Meeting, Proxy Statement and Proxy Card are first sent or given to stockholders is July 11, 2014.

The shares represented by all properly executed proxies will be voted at the Annual Meeting in accordance with instructions thereon. If no instructions are indicated, the Proxy will be voted "FOR" the nominees for director listed under the caption "Proposal 1" herein; "FOR" ratification of the appointment of Grant Thornton, LLP as the Company's independent registered public accounting firm for the 2014 fiscal year; "FOR" the amendment to the 2013 Stock Incentive Plan; "FOR" the Say on Pay proposal; and "FOR" the selection of "1 Year" as the frequency that stockholders are provided an advisory vote on Say on Pay. The Company's board of directors recommends that the stockholders vote in favor of each of the proposals. All valid proxies obtained will be voted at the discretion of the board of directors with respect to any other business that may properly come before the Annual Meeting.

The board of directors has fixed the close of business on June 25, 2014 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment thereof.

As of the Record Date, there were 37,549,449 shares of the Company's Common Stock outstanding. Holders of shares of Common Stock of record as of the close of business on the Record Date will be entitled to vote at the Annual Meeting. Holders of Common Stock are entitled to one vote on all matters presented at the meeting for each share held of record. The presence in person or by proxy of holders of record of a majority of the shares outstanding as of the Record Date will be required for a quorum to transact business at the Annual Meeting. If a quorum should not be present, the Annual Meeting may be adjourned from time to time by a majority of stockholders present until a quorum is obtained.

The nominees to be selected as directors must receive a majority of the votes cast at the Annual Meeting to be elected. Each other proposal must receive a majority of the votes cast at the Annual Meeting to be approved. Abstentions and broker non-votes will have no effect on the proposals because broker non-votes will not be considered as present or voting and abstentions will be counted only for purposes of determining whether there is a quorum.

Proxies may be revoked before they are voted at the Annual Meeting by giving written notice of revocation to the Secretary, by submission of a Proxy bearing a later date, or by attending the Annual Meeting in person and voting by ballot.

The cost of preparing and mailing this Proxy Statement and the accompanying Proxy Card will be borne by the Company and the Company will pay the cost of soliciting proxies. In addition to solicitation by mail, certain officers and regular employees of the Company or employees of the Company's transfer agent, Registrar and Transfer Company, may solicit the return of proxies by telephone, email or in person. The Company will also reimburse brokers, nominees and other fiduciaries for their expenses in forwarding solicitation materials to the beneficial owners of Common Stock and soliciting them to execute proxies.

THE BOARD OF DIRECTORS AND COMMITTEES

Board Composition

Our board of directors consists of eight individuals. Directors are elected annually, and each director holds office for a one-year term. The board of directors generally meets quarterly. Additionally, our bylaws provide for special meetings and, as also permitted by Maryland law, board action may be taken without a meeting upon unanimous written consent of all directors.

The biographical information presented later in this Proxy discusses the specific experience, qualifications, attributes and skills contributing to our conclusion that each director should serve as a member of our board of directors. Our goal in selecting board members is to compose leadership that has a broad base of knowledge and experience targeted to our business and industry, which allows our board to engage in forthright discussion about our strategies, risks and plans as a company. Members of the board of directors who have an investment stake in our company have interests that are aligned with our company's desire to grow and prosper. We believe that each board member has demonstrated business acumen and an ability to exercise sound and ethical judgment, as well as a commitment of service to our company and to our board of directors during the period leading up to this filing. Finally, we value their significant experience on other public company boards of directors and board committees, in government agencies, and in private companies, which when aggregated as a full board we feel provides the level of expertise necessary in directing our company.

Director Independence

Under the NASDAQ Marketplace Rules, a majority of our board of directors must be comprised of independent directors, and each member of our audit, compensation and nominating and corporate governance committees must be an independent director, as defined under the NASDAQ Marketplace Rules. Under the NASDAQ Marketplace Rules, a director will not qualify as an "independent director" if, in the opinion of the company's board of directors, the director has any relationship which would interfere with the exercise of the director's independent judgment in carrying out his or her responsibilities as a director. In addition, under the NASDAQ Marketplace Rules, an independent director may not be an executive officer or employee of our company and must satisfy certain other requirements under the NASDAQ Marketplace Rules.

In addition, each member of our audit committee must satisfy the independence criteria set forth in Rule 10A-3 under the Securities and Exchange Act of 1934, as amended (the "Exchange Act"). In order to be considered independent for purposes of Rule 10A-3, a member of the audit committee may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the company or any of its subsidiaries; or (2) be an affiliated person of the company or any of its subsidiaries.

Our board of directors has undertaken a review of the independence of each director under the NASDAQ Marketplace Rules and under applicable securities laws and rules. As a result of this review, our board of directors affirmatively determined that Mr. Campbell, Mr. Chao, Mr. Hannon, Mr. Minihan, Mr. Money and Ms. Bonanni and Ms. Pisano, representing a majority of our eight directors, are "independent directors" as defined under the NASDAQ Marketplace Rules and that each member of our audit committee satisfies the independence requirements of Rule 10A-3 of the Exchange Act.

Board Committees

Our board of directors has established an audit committee, a compensation committee, an ethics committee, and a nominating and corporate governance committee, with each committee having the composition and responsibilities described below. The members of each committee are appointed by our board of directors. The CEO is an ex-officio member of all standing committees per the Company's bylaws. Copies of the charters of each of the audit committee, compensation committee, and nominating and corporate governance committee setting forth the responsibilities of the committees are available on our website at www.keywcorp.com. We periodically review and revise the committee charters.

TABLE OF CONTENTS

Audit Committee

Our audit committee is comprised of Caroline Pisano, Art Money, and John Hannon. Ms. Pisano is the chairperson of our audit committee. Our board of directors has determined that each member of the audit committee meets the financial literacy requirements under the rules and regulations of the NASDAQ and that Ms. Pisano qualifies as an “audit committee financial expert” under the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002. In addition, our board of directors has determined that each member of our audit committee is an independent director under the listing standards of the NASDAQ Marketplace Rules and is independent pursuant to Rule 10A-3 of the Exchange Act. As provided for in the committee’s charter, as approved by our board of directors, our audit committee is responsible for, among other things:

- Determining the appointment, compensation, retention and oversight of our independent registered public accounting firm; evaluating the qualifications, performance and independence of our independent registered public accounting firm, and approving the audit and non-audit services to be performed by our independent registered public accounting firm;
- Overseeing our accounting and financial reporting processes and the audits of our financial statements; and
- Reviewing and assessing the qualitative aspects of our financial reporting, our processes to manage business and financial risk, and our compliance with significant applicable legal, ethical and regulatory requirements as they relate to financial statements or accounting matters.

The audit committee held four meetings in 2013.

Compensation Committee

Our compensation committee is comprised of Art Money, Bill Campbell and John Hannon. Mr. Money is the chairperson of our compensation committee. As provided for in the committee’s charter, as approved by our board of directors, our compensation committee is responsible for, among other things:

- Reviewing and recommending KEYW’s general policy regarding executive compensation;
- Reviewing and recommending compensation for our chief executive officer and our other executive officers, including annual base salary, annual incentive bonus (including the specific goals required to receive an annual incentive bonus and the amount of any such annual incentive bonus), equity compensation and any other benefits or compensation;
- Reviewing and recommending any employment-related agreements, severance arrangements and change-of-control arrangements and similar agreements/arrangements for our executive officers;
- Reviewing and recommending compensation plans for our employees and amendments to our compensation plans to our board of directors;
- Preparing the compensation committee report that the SEC requires to be included in our annual proxy statement; and
- Overseeing, reviewing and making recommendations with respect to our equity incentive plans.

Our board of directors has determined that each member of our compensation committee is an “independent director” as defined under the NASDAQ Marketplace Rules.

The compensation committee held two meetings in 2013.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is comprised of Deborah Bonanni, Ken Minihan and Pierre Chao. Mr. Minihan is the chairperson of our nominating and corporate governance committee. As provided for in the committee’s charter, as approved by our board of directors, our nominating and corporate governance committee is responsible for, among other things:

- Reviewing developments in corporate governance practices and developing and recommending governance principles, policies and procedures applicable to KEYW;
- Identifying, reviewing and recommending to our board of directors nominees for election to our board of directors and to fill vacancies on our board of directors;

- New director orientation;
- Reviewing and making recommendations to our board of directors regarding board committee structure and membership; and
- Succession planning for our executive officers.

Our board of directors has determined that each member of our nominating and corporate governance committee is an “independent director” as defined under the NASDAQ Marketplace Rules.

The nominating and corporate governance committee adopted Corporate Governance Guidelines on April 30, 2010. The Guidelines are designed to assist the board of directors in the exercise of its responsibilities and provides guidance on such matters as: board size and composition, selection of directors, shareholder nominations, selection of Chairperson, expectations for directors, board responsibilities, board meetings, executive sessions, the committees of the board, orientation and continuing education, and reliance on management and outside counsel.

The nominating and corporate governance committee held one meeting in 2013.

Ethics Committee

Our ethics committee is composed of Ken Minihan and Len Moodispaw. Mr. Moodispaw is the chairperson of our ethics committee. Our ethics committee is responsible for, among other things:

- Advising our management and board of directors of means to ensure that we adhere to the highest ethical standards in our day to day operations;
- Ensuring that a positive working environment is created and maintained for all of our employees and that those employees are challenged to meet such a standard;
- Providing a forum for advice to the internal auditor and corporate counsel, our management and any of our employees to consider ethical issues; and
- Recommending to our management and the entire board of directors means to train managers and employees.

The ethics committee met often, informally in 2013 to discuss the Company’s Ethics and Compliance program.

During the last completed fiscal year: (a) no executive officer of the Company served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served on the compensation committee of the Company; (b) no executive officer of the Company served as a director of another entity, one of whose executive officers served on the compensation committee of the Company; and (c) no executive officer of the Company served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of another entity, one of whose executive officers served as a director of the Company.

Director Selection Criteria

Our goal in selecting directors is to compose leadership that has a broad base of knowledge and experience targeted to our business and industry, which allows our board of directors to engage in forthright discussion about our strategies, risks and plans as a company.

The nominating and corporate governance committee shall identify, review and recommend candidates to serve on the board. The committee may use outside consultants to assist in identifying candidates. Final

approval of a candidate is determined by the full board. The committee and the board shall take the following factors into consideration, including such other factors as the board may determine:

- *Regulatory Requirements.* They will assure that the board has directors who meet the applicable criteria for committee or board membership established by regulatory entities including NASDAQ, the Securities and Exchange Commission, and the Internal Revenue Service.
- *Independence.* They shall assure that at least a majority of the board will be independent directors in accordance with NASDAQ regulations.
- *Overall Board Composition.* They will consider the board's overall composition in light of current and future needs. Among the characteristics the committee may consider are: professional skills and background, experience in relevant industries, diversity, age and geographic background.
- *Performance.* They will consider the past performance of incumbent directors.
- *Other Criteria.* Particularly with regard to new directors, they will also assess whether the candidates have the qualities expected of all directors, including integrity, judgment, acumen, and the time and ability to make a constructive contribution to the board.
- *Notice.* In order to assure that the board has ample notice of potential recommended changes in the board, the nominating and corporate governance committee will inform the board of the criteria used by the committee in evaluating director nominations in advance of, and at the time of, submitting such nominations to the board.

The board, taking into consideration the recommendations of the nominating and corporate governance committee, shall be responsible for selecting the nominees for election to the board by the stockholders and for appointing directors to the board to fill vacancies and newly created directorships, with primary emphasis on the criteria set forth above. The board, taking into consideration the assessment of the nominating and corporate governance committee, shall also make a determination as to whether a nominee or appointee would be an independent director.

Stockholder Nominations

The Company welcomes nominations from stockholders and encourages interested stockholders to submit candidates to the nominating and corporate governance committee through the Secretary. The nominating and corporate governance committee shall give appropriate consideration to candidates for the board of directors recommended for nomination by stockholders in accordance with the Company's bylaws, and shall evaluate such candidates in the same manner as other candidates identified to the committee. The Company has not received any recommended nominees from any stockholder to date. Stockholders can send nominations by e-mail to corporatesecretary@keywcorp.com, by fax to (443) 733-1801 or by mail to Corporate Secretary, The KEYW Holding Corporation, 7740 Milestone Parkway, Suite 400, Hanover, MD 21076.

Code of Ethics

KEYW has adopted a code of business conduct and ethics applicable to all of our officers including our CEO and CFO, directors, and employees. A copy of that code is available on our corporate website at www.keywcorp.com. The policies and procedures address a wide array of professional conduct, including, but not limited to:

Conduct	Political Contributions, Activities and Public Positions
Public Disclosure	Government Officials and Company Personnel
Legal Compliance	Payments to Employees of Customers or Suppliers
Government Business	Conflict of Interest
Company Records and Accounts	Compliance with Tax and Currency Laws
Insider Trading	Import and Export
Vigilant Reporting	Time Recording
Indoctrination	Reporting of Violations

TABLE OF CONTENTS

Any person may receive a copy of this Code of Ethics at no charge by contacting the Company's Chief Administrative Officer via mail, email to corporatesecretary@keywcorp.com or by phone at 443-733-1600.

Employees with complaints or concerns may report these through the KEYW OpenBoard which provides an anonymous and confidential method for reporting any issues or concerns. Employees may present concerns anonymously through OpenBoard at 866-265-3857. Confidential reports also may be submitted by mail addressed to the Corporate Secretary for delivery to the board of directors, submitted online at <https://www.openboard.info/keyw/index.cfm> or by e-mail at keyw@openboard.info.

Communication between Stockholders and Directors

The board of directors recommends that stockholders initiate any communications with the board of directors in writing and send them in care of the Corporate Secretary. Stockholders can send communications by e-mail to corporatesecretary@keywcorp.com, by fax to 443-733-1801 or by mail to Corporate Secretary, The KEYW Holding Corporation, 7740 Milestone Parkway, Suite 400, Hanover, MD 21076. This centralized process will assist the board of directors in reviewing and responding to stockholder communications in an appropriate manner. The name of any specific intended board recipient should be noted in the communication. The board of directors has instructed the Corporate Secretary to forward such correspondence only to the intended recipients; however, the board of directors has also instructed the Corporate Secretary, prior to forwarding any correspondence, to review such correspondence and, in her discretion, not to forward certain items if they are deemed of a commercial or frivolous nature or otherwise inappropriate for the board of directors' consideration. In such cases, some of that correspondence may be forwarded elsewhere in the Company for review and possible response.

Director Attendance at Board Meetings and Annual Meeting

The board of directors held four meetings during 2013. The board of directors held four independent directors meetings without management during 2013. Each director attended more than 75% of the total number of meetings of the board and committees on which they served. It is the policy of the Company and board of directors that all directors attend the Annual Meeting of Stockholders and be available for questions from the stockholders. All of the directors attended the 2013 Annual Meeting of Stockholders. It is anticipated that all directors nominated for election at the Annual Meeting will be in attendance at the Annual Meeting.

Board Leadership Structure

The Company is led by Leonard E. Moodispaw, who has served as the Chief Executive Officer, President & Chairman of the Board of Directors of KEYW since it began operations on August 4, 2008 and is the founder of KEYW. All seven of our other directors satisfy NASDAQ independence requirements. Caroline Pisano is the lead independent director. Independent directors head each of the three primary committees — the audit committee, the compensation committee, and the nominating and corporate governance committee, and each of the committees is comprised solely of independent directors.

We believe that our current board leadership structure is suitable for us. The Chief Executive Officer is the individual selected by the board of directors to manage the Company on a day to day basis, and his direct involvement in our business operations makes him best positioned to lead productive board strategic planning sessions and determine the time allocated to each agenda item in discussions of the Company's short- and long-term objectives.

We do not believe that separation of the titles of Chairman and Chief Executive Officer are necessary for good governance. We have a strong lead, independent director who serves many of the functions of a Chairman. She and Mr. Moodispaw meet prior to every board of directors meeting and discuss the agenda and any potential issues.

Board Role in Risk Oversight

The role of the board of directors in the risk oversight process includes receiving regular reports from members of senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. In connection with its reviews of the operations of the Company's business units and corporate functions, the board of directors considers and addresses the

TABLE OF CONTENTS

primary risks associated with those units and functions. The full board of directors regularly engages in discussions of the most significant risks that the Company is facing and how these risks are being managed.

In addition, each of the committees, and particularly the audit committee, plays a role in overseeing risk management issues that fall within each committee's areas of responsibility. Senior management reports on at least a quarterly basis to the audit committee on the most significant risks facing the Company from a financial reporting perspective and highlights any new risks that may have arisen since the audit committee last met. The audit committee also meets regularly in executive sessions with the Company's independent registered public accounting firm and reports any findings or issues to the full board of directors. Other committees meet in executive sessions as necessary. In performing its functions, the audit committee and each committee of the board of directors has full access to management, as well as the ability to engage advisors. The board of directors receives reports from each of the committees regarding each committee's particularized areas of focus.

Director Compensation

Directors who are full-time employees of KEYW receive no additional compensation for their service as directors. With respect to non-employee directors, our philosophy is to provide competitive compensation necessary to attract and retain outstanding people to our board of directors. The compensation committee reviews annually the form and amount of director compensation, and as part of its review of the compensation policies of KEYW, has sought input from Grant Thornton and Aon Hewitt as to director compensation practices of similarly-situated companies.

In 2011, the board of directors and the compensation committee approved the following non-employee director cash compensation levels, which continued to apply to director compensation paid in 2013:

- Annual retainer of \$30,000 for board service;
- Audit committee chairperson retainer of \$10,000;
- Compensation committee chairperson retainer of \$5,000;
- Ethics committee chairperson retainer of \$5,000; and
- Nominating and corporate governance committee chairperson retainer of \$5,000.

The table below summarizes the compensation paid by KEYW to non-employee directors for the fiscal year ended December 31, 2013.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

The following discussion provides an overview and analysis of the compensation programs applicable to each person that served as our principal executive officer or principal financial officer during 2013 and our three other most highly compensated executive officers for 2013 (referred to herein as our Named Executive Officers, or NEOs), and certain executive compensation 2012 and 2013 policies. This section also explains our general compensation philosophy and objectives and how we made compensation decisions for our NEOs for 2013. Our NEOs in 2013 were:

- Len Moodispaw — President & Chief Executive Officer;
- John Krobath — Chief Financial Officer;
- Mark Willard — Chief Impact Officer;
- Chris Fedde — Executive Vice President (April 29, 2013 to present) & President of Hexis Cyber Solutions, Inc., a KEYW Subsidiary (“Hexis”) (as of July 16, 2013);
- Ed Jaehne — Chief Strategy Officer (NEO through April 28, 2013); and
- Kim DeChello — Chief Administrative Officer.

This discussion contains forward looking statements based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Compensation Philosophy and Objectives

The overall goal of our compensation programs is to attract, retain, and motivate qualified, talented and diverse leaders who are enthusiastic about our mission and culture by providing competitive compensation and benefits to our executive officers consistent with our focus on controlling costs. We believe that compensation plays a role in, but is not the exclusive means of, achieving these goals. Non-financial attributes, such as a rewarding and innovative work environment, challenging projects, and career growth opportunities also help us to attract and motivate the leaders we seek to employ at KEYW.

We aim to design our compensation programs so that our executive officers are motivated both to achieve strong short-term (annual) performance goals and to contribute to the creation of long-term stockholder value. Accordingly, a significant portion of each executive’s total compensation is tied to the achievement of annual performance goals and to long-term stock appreciation. In addition, we believe that annual incentive compensation for our executive officers should be based primarily on the achievement of objective corporate financial goals, with the flexibility to also reward our executives for exceptional contributions to the achievement of these goals or for the achievement of specific individual goals or other corporate performance goals.

Change of Control and Severance Benefits

We have change-of-control and severance provisions in the employment agreements in place for certain of our 2013 NEOs. For a further discussion of the change-of-control and severance provisions applicable to our NEOs see “Employment Agreements” and “Potential Payments Upon Termination or Change of Control” below.

Determination of Executive Compensation

Role of Compensation Committee and Board of Directors. We established a compensation committee of our board of directors in January 2009 to review and recommend to our full board of directors compensation for our executive officers, including our NEOs. Prior to that time, compensation decisions were reviewed and approved by our full board of directors, as part of the formation and start-up of KEYW. Since its formation, the compensation committee has been responsible for:

- reviewing and recommending corporate goals and objectives as they relate to executive compensation;
- evaluating the performance of executive officers;
- overseeing the administration of incentive and equity-based compensation plans;
- recommending new plans, plan amendments, and/or the termination of current plans;
- recommending board of directors' compensation, such as retainers, chairperson fees, or equity grants; and
- overseeing the work of external consultants advising KEYW on compensation matters.

For a more detailed description of the role of our compensation committee, see “Board Committees — Compensation Committee” above.

Role of Management. Our Chief Executive Officer participates in meetings of our compensation committee upon the request of its members and in meetings of our board of directors as a member of the board and makes recommendations to the compensation committee and board of directors with respect to base salary, the setting of performance targets, the amounts of any short-term and long-term incentive compensation and equity awards for our executive officers. The compensation committee also works with our Chief Financial Officer and Chief Administrative Officer in evaluating the financial, accounting, tax and retention implications of our various compensation programs. Neither Mr. Moodispaw nor any of our other NEOs participates in deliberations relating to his or her own compensation.

Assessment of Competitive Practices and Role of Compensation Consultant. We believe that competitive compensation programs are critical in attracting, retaining and motivating the talent KEYW needs to achieve its stated objectives. In the third quarter of 2009, our board of directors engaged Grant Thornton LLP (“Grant”) to assist the compensation committee in its assessment of the competitiveness of our executive compensation practices. Pursuant to its engagement, Grant completed a benchmarking analysis of total direct compensation for top executives and other key employees and made recommendations to management and the compensation committee regarding executive and key employee compensation. In addition, Grant assisted in the design of a new annual incentive plan and a new long-term incentive plan for KEYW executives and employees commencing in 2011. See “Components of Executive Compensation” below, for further discussion of our annual incentive and long-term incentive plans. Grant performed its work under the direction and authority of the board of directors and the compensation committee, with input from management.

In May 2011, our board of directors engaged Grant to complete a series of benchmark activities to understand changes to executive and independent director compensation practices since the last study was conducted in 2009 prior to going public.

In August 2012, our board of directors engaged Aon Hewitt, whom we refer to as the “Compensation Consultant”, to complete a series of benchmark activities to understand changes to executive and independent compensation practices since the last study was conducted in May 2011. The Compensation Consultant’s benchmarking analysis was based on two distinct peer groups (Direct and Indirect Peers) which it developed jointly with executive management. We believe Direct Peers should serve as the primary reference point for evaluating the reasonableness of pay levels, while practices should be shaped by a broader index including Indirect Peers.

TABLE OF CONTENTS

The first peer group developed by the Compensation Consultant and executive management and examined by the compensation committee consisted of companies that are comparable to KEYW with respect to industry and size as measured by revenues. The compensation committee reviewed companies that provide similar services/products to the Intelligence Community, which we refer to as the Direct Peer Group. The Direct Peer Group was as follows:

- AeroVironment, Inc.
- American Science & Engineering, Inc.
- Dynamics Research Corporation
- GeoEye, Inc.
- Globecom Systems, Inc.
- ICF International, Inc.
- Mercury Computer Systems, Inc.
- NCI, Inc.
- Sourcefire, Inc.

The second peer group developed by the Compensation Consultant and executive management and examined by the compensation committee consisted of indirect competitors as follows:

- Astronics Corporation
- Booz Allen Hamilton
- CACI International
- Digitalglobe
- Ducommun
- Flir Systems
- Kratos Defense Security Solutions
- Mantech International Corporation
- Symantec Corporation
- Verint Systems
- Viasat

The Compensation Consultant also utilized published survey data from the following sources:

- 2012 Western Management Group Government Contractors Compensation Survey
- 2012 Aon Hewitt Executive Total Compensation Report
- 2012 Mercer Benchmark Database — Executive Report
- 2011 Towers Watson Survey Report on Top Management Compensation

The Compensation Consultant used these peer groups and industry surveys to present to the compensation committee data about salary, bonus and equity compensation at the 25th, 50th and 75th percentiles and the relative mix of these components of total compensation for executive and senior personnel positions at these comparable companies and in comparable industry and company groups. We use this compensation data as a reference point when setting compensation levels. Our compensation committee maintains discretion in determining the nature and extent to which this data is applied.

Components of Executive Compensation

The chart below lists and describes the elements currently included in our executive compensation program and summarizes our purpose in providing each such element.

Compensation Component	Description	Purpose
Base Salary	Base compensation for performing core responsibilities and contributions to the Company.	Provide steady source of income based primarily on scope of responsibility and years of experience.
Annual Incentives	Annual cash incentive opportunities are provided for under the KEYW Annual Incentive Plan and are expressed as a percentage of base salary. Threshold, target, and maximum incentive opportunities are established based on corporate, business unit, and individual goals.	Ensure focus on specific annual goals, provide annual performance-based cash compensation, and motivate achievement of critical short-term performance metrics.

TABLE OF CONTENTS

<u>Compensation Component</u>	<u>Description</u>	<u>Purpose</u>
Long-Term Incentives	Equity grants provided under our equity incentive plans to all executives and employees. Equity award types provided for include Stock Options and Restricted Stock. Cash-based incentives also may be provided from time to time under our long-term incentive plan. Hexis Executive Incentive Plan includes a payout to participants in the event of a Liquidation Event of Hexis, as described in the plan. The purpose of this plan is to incentivize and reward key senior management personnel of Hexis to maximize the market value of Hexis, independent of KEYW, through a limited trigger compensation plan.	Align the interests of executives with stockholders, provide for executive ownership of stock, attract, retain and motivate key talent, and reward long-term growth of the business.
Discretionary Awards	One-time awards of cash or equity.	Intended to recognize exceptional contributions to KEYW's business by individual executives and employees.
Retirement, Health, & Welfare Benefits	Includes benefits such as: <ul style="list-style-type: none">• Health, dental and vision insurance• Life and disability insurance• Paid Time Off and Holidays• Company 401(k) contributions• Employee Stock Purchase Plan.	These benefits are part of our broad-based total compensation program, available to all full-time employees of the Company.

Base Salary. Base salary is intended to provide executives with a base level of regular income for performance of their essential duties and responsibilities. In general, base salaries for our NEOs are initially negotiated with the executive at the time the executive is hired, and reviewed annually by our compensation committee and board of directors, with input from our Chief Executive Officer (other than with respect to himself). In determining base salaries, we consider the executive's qualifications and experience, salaries of executives in similar positions at comparable companies as described above under "Determination of Executive Compensation — Assessment of Competitive Practices and Role of Compensation Consultant", and internal comparisons of the relative compensation paid to members of our executive team.

Annual Incentives. Prior to January 2010, the Company did not have an annual incentive plan. Effective January 2010, we adopted the KEYW Annual Incentive Plan, which we refer to as the annual incentive plan, or AIP. In general, all of our employees may become eligible to participate in the AIP, with our Chief Executive Officer retaining discretion to determine which employees (other than executive officers) are included in the AIP on a year-to-year basis. Approval of the compensation committee is required with respect to the inclusion of any of our executive officers in the AIP. The AIP is intended to:

- Motivate eligible employees to achieve annual financial performance goals, other corporate goals or individual goals, depending on the level of seniority and responsibilities of the employee;
- Reward employees for achievement of financial, business unit, and individual performance targets that contribute to the creation of long-term stockholder value; and
- Provide maximum flexibility to reward individual employee performance and innovation.

TABLE OF CONTENTS

Under the AIP, annual incentive opportunities are established each year as a percentage of each eligible employee's base salary. For our Chief Executive Officer and other executive officers, performance goals and incentive opportunities are generally recommended by the compensation committee and determined by the board of directors in the first quarter of the fiscal year to which the award relates. For our Chief Executive Officer and other executive officers, annual incentive payments under the AIP are tied to company-wide financial performance targets. In establishing the AIP, the compensation committee and the board of directors assessed that company-wide financial performance targets best gauge the performance of KEYW's senior management team in growing short- and long-term stockholder value. For 2013, the compensation committee determined to set company-wide financial performance targets for our Chief Executive Officer and other executive officers based on the achievement of a combination of specified target revenue and specified target EBITDA, measured after giving effect to payments to employees under the AIP, which we refer to as the 2013 financial target. The board determines revenue's EBITDA growth rates based on the economic environment, investor expectations, and contract activity. The levels are expected to be challenging but reachable. In particular, the compensation committee and the board of directors determined to weight achievement of the 2013 financial target at 60% on the achievement of target revenue and 40% on the achievement of target EBITDA.

Annual incentive plan payouts for 2013 for our Chief Executive Officer and other executive officers were based on the extent to which actual revenue and EBITDA performance (weighted as described above) met the 2013 financial target, based on a sliding scale of performance. For our NEOs, actual revenue and EBITDA performance were required to achieve a minimum level of 90% of the 2013 financial target for awards to be paid under the AIP. For employees that are not executive officers, actual revenue and EBITDA performance were required to achieve a minimum level of either 80% or 90% of the 2013 financial target (or in the case of non-executive employees for which other performance targets were established, 80% or 90% of such other performance target), depending on the particular employee's job title and position. For 2013, the Chief Executive Officer's incentive opportunity ranged from 37.5% to 112.5% of base salary, with a target of 75% of base salary. For each other executive officer, his or her incentive opportunity ranged from 25% of base salary to 75% of base salary, with a target of 50% of base salary.

The following table sets forth the minimum, target and maximum annual incentive payments potentially payable to our Chief Executive Officer and our other executive officers based on the percentage achievement of the 2013 financial target. Chief Strategy Officer Jaehne was not eligible to participate in the 2013 AIP. The table is based on 2013 annual salaries.

Name	Payment Level/Percentage Achievement of 2013 Financial Target			
	2013 Base Salary	Minimum/90%	Target/100%	Maximum/110%
Len Moodispaw	\$ 500,011	\$ 187,504	\$ 375,008	\$ 562,512
John Krobath ⁽¹⁾	\$ 280,010	\$ 70,003	\$ 140,005	\$ 210,008
Mark Willard	\$ 325,000	\$ 81,250	\$ 162,500	\$ 243,750
Chris Fedde	\$ 275,018	\$ 68,755	\$ 137,509	\$ 206,264
Kim DeChello	\$ 250,016	\$ 62,504	\$ 125,008	\$ 187,512

(1) Mr. Krobath resigned effective as of April 25, 2014 and stepped down as Chief Financial Officer on March 25, 2014 when the Company appointed Philip Calamia to this role.

The AIP awards are paid in cash. The amount payable pursuant to each award is determined by the compensation committee based on achievement of the applicable performance targets. Under the AIP, the compensation committee has the discretion to increase or decrease the amount of the payout to an executive officer based on individual performance, provided such payout does not exceed the maximum payout permitted to the executive officer under the AIP. Additionally, the compensation committee may not make a discretionary increase in payment under the AIP to an executive officer subject to the \$1,000,000 limit on compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), if the Company is intending to qualify the AIP awards for an exception to the compensation limit for such executive officer under Section 162(m) of the Code.

TABLE OF CONTENTS

Our compensation committee determined that for 2013, KEYW achieved actual revenue and EBITDA performance above the minimum payment level under the plan. Therefore, the compensation committee approved the payment of a bonus under the AIP to the CEO and other executive officers at an appropriate payment level for each NEO. See “Compensation Actions in 2014”, “Summary Compensation Table” and “Grants of Plan-Based Awards Table” herein.

Long-Term Incentives. We believe that our executives should have a continuing stake in our long-term success. We believe that equity compensation is the best means of aligning the interests of our executives and employees to the interests of our stockholders and of incentivizing our executives and employees to contribute to the long-term growth of stockholder value. We require our executives to hold a significant equity interest in our Company. See also “Stock Ownership Guidelines” herein.

In 2011 and 2012, we awarded stock options and restricted stock awards to our NEOs under The KEYW Holding Corporation 2009 Stock Incentive Plan (the 2009 Plan). In 2013, we awarded stock options and restricted stock awards to our NEOs under The KEYW Holding Corporation 2013 Stock Incentive Plan (the 2013 Plan). See “Executive Compensation — Grants of Plan-Based Awards Table” for a detailed description of equity awards made to our NEOs from 2011 to 2013 and “Executive Compensation — Equity Incentive Plans” for a detailed description of the 2008, 2009 and 2013 Plans.

Awards originally granted under the 2008 Plan, generally vest ratably on an annual basis over five years. In early 2009, the board of directors determined to modify the vesting of awards so as to have these awards vest ratably on an annual basis over three years with an initial 25% vesting immediately. The board of directors determined that such three-year vesting would be applied to future awards.

As part of the board of directors’ and compensation committee’s review of competitive compensation practices conducted in the fourth quarter of 2009, the board of directors and compensation committee adopted a new long-term incentive plan, which we refer to as the long-term incentive plan or LTIP, which sets forth KEYW’s long-term incentive compensation policy for its executive officers and other employees. The LTIP applies with respect to long-term incentive compensation awards beginning in 2010. The LTIP is designed to:

- attract, retain, and motivate key contributors to KEYW’s profitability and growth;
- align employee and stockholder interests;
- share the benefits of appreciation in the value of KEYW’s common stock with key contributors; and
- facilitate stock ownership by key contributors.

The LTIP sets forth the framework KEYW intends to use for the award of long-term incentive compensation, and contemplates that KEYW may award various types of equity-based awards under its equity plans on an annual basis, including nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock, restricted stock units (“RSUs”), performance shares, performance units, and other stock-based awards. The LTIP also contemplates awards linked to the value of our common stock but that are payable in cash. The type and mix of equity-based compensation awards made under the LTIP may vary from year-to-year based on KEYW’s compensation philosophy, employment needs, and business goals.

Under the LTIP, long-term incentive awards are to be awarded annually to eligible employees.

To date, we have only issued stock options and restricted stock under the LTIP, based on the board of directors’ and compensation committee’s review of competitive compensation practices conducted in 2012, 2011 and 2009.

These analyses included an analysis of the group of peer companies selected by the Compensation Consultant (as listed above) based on their relevance to our markets, size, and location and other market data to discern broader compensation trends in the market, as described above under “Determination of Executive Compensation — Assessment of Competitive Practices and Role of Compensation Consultant”. We expect LTIP awards to be made in January or February of each year based on prior year performance.

Hexis Executive Incentive Plan. Effective January 31, 2014, we adopted the Hexis Executive Incentive Plan which is managed and administered by KEYW. The plan is designed to incentivize and reward key senior management personnel of Hexis to maximize the market value of Hexis, independent of KEYW, through a limited trigger compensation plan. In the event of a Liquidation Event of Hexis, as defined below, KEYW will allocate a percentage of the market valuation received or attributed to Hexis to the Plan to be distributed to participants based on their ownership interests in that pool. The payout will be triggered solely upon the consummation of either a sale, either for stock or cash of the acquiring company, of 51% or more of the outstanding shares of Hexis owned by KEYW or an initial public offering of Hexis stock. Under no other events will the plan funding be triggered.

Retirement, Health, & Welfare Benefits. We operate in a competitive market for highly skilled technical and management staff who also hold high-level security clearances. As a result, our benefits programs must be competitive with those of our competitors since employees in our industry typically look at the complete compensation program being offered, including retirement, health and welfare benefits. Our benefits programs are available to all of our full-time employees and include health, dental and vision insurance, life insurance, disability insurance, paid time off, company contributions under our 401(k) plan and employee stock purchase plan. We believe that it is important to maintain a competitive benefits program that complements our salary structure and confirms the commitment we have to maintaining a rewarding and enjoyable work environment.

Compensation Actions in 2013

In the most recent shareholder vote on NEO compensation (known as Say on Pay) in 2011, the Company's shareholders approved our NEO compensation. The compensation committee considered this prior approval when determining 2013 compensation policies. As described above, the Compensation Consultant conducted a benchmarking analysis of total direct compensation for top executives and other key employees, which contained recommendations as to base salaries of our NEOs. On October 25, 2012, the board of directors at the recommendation of the compensation committee, approved the following base salaries, effective December 28, 2012 (for 2013 base salary), for the following executive officers of the Company:

<u>Name/Title</u>	<u>2012 Base Salary</u>	<u>2013 Base Salary</u>	<u>Percentage Increase</u>
Len Moodispaw <i>President and Chief Executive Officer</i>	\$ 415,002	\$ 500,011	20.48%
John Krobath ⁽¹⁾ <i>Chief Financial Officer</i>	\$ 250,016	\$ 280,010	12.00%
Mark Willard <i>Chief Impact Officer</i>	\$ 300,019	\$ 325,000	8.33%
Chris Fedde <i>EVP, President – Hexis Cyber Solutions, Inc.</i>	\$ 0	\$ 275,018	—%
Kim DeChello <i>Chief Administrative Officer and Secretary</i>	\$ 225,014	\$ 250,016	11.11%
Ed Jaehne <i>Chief Strategy Officer</i>	\$ 210,018	\$ 210,018	—%

(1) Mr. Krobath resigned effective as of April 25, 2014 and stepped down as Chief Financial Officer on March 25, 2014 when the Company appointed Philip Calamia to this role.

The compensation committee of the board of directors also established a goal of compensating executive officers at the median of our Direct Peer companies. These increases are the first step towards meeting that goal although all NEO salaries are currently still below median of Direct Peers.

On January 25, 2013 AIP awards were paid to the NEOs based on the achievement of the 2012 financial targets at the maximum AIP payment level.

TABLE OF CONTENTS

Payments were as follows:

NEO	Annual Incentive	AIP	Total
	Plan (AIP)	Discretionary	
	Performance Award	Award	
Len Moodispaw ⁽¹⁾	\$ 366,875	\$ 0	\$ 366,875
John Krobath ⁽²⁾	187,500	0	187,500
Mark Willard	225,000	0	225,000
Kim DeChello	168,750	0	168,750
Ed Jaehne	78,750	0	78,750

(1) The compensation committee approved a \$466,875 bonus payment under the 2012 AIP for Mr. Moodispaw based on his performance and their confidence in him. Mr. Moodispaw declined \$100,000 of the bonus and requested KEYW to make a charitable contribution with those funds. The Company complied with this request in 2013.

(2) Mr. Krobath resigned effective as of April 25, 2014 and stepped down as Chief Financial Officer on March 25, 2014 when the Company appointed Philip Calamia to this role.

In February 2013, we issued LTIP grants to our NEOs totaling 65,500 restricted stock shares and non-qualified stock options to purchase 196,500 shares with a strike price of \$11.27. The restricted stock cliff vests in February 2016 and the options have performance-based vesting based on attainment of financial performance goals: 50% in February 2014, 25% in February 2015 and 25% in February 2016. If performance is not met prior to first vesting, the options are canceled. The financial performance goal for February 2014 vesting of the stock options was met. Our inclusion of performance based options is evidence that we are focused on vehicles that reward executives based on both short-term performance and growing long-term shareholder value.

In February 2013, we issued restricted stock to 47 founding employees of KEYW for recognition of their continued service and loyalty going into our 5th year of business. That issuance included restricted stock to Kim DeChello and Mark Willard in the amount of 20,000 shares each.

On April 29, 2013, the Company appointed Chris Fedde as Executive Vice President and a Named Executive Officer. Mr. Fedde, age 62, most recently served as President and Chief Executive Officer of SafeNet, Inc. from May 2011 to December 2012. Mr. Fedde began his tenure at SafeNet in January 2001. Prior to that, Mr. Fedde served as Director of Secure Products at Harris Corporation from March 1992 to January 2001. Mr. Fedde received a B.S. in Electrical Engineering from the University of Iowa.

Mr. Fedde is entitled to an annual base salary in the amount of \$275,000. Mr. Fedde will also be eligible to receive an annual cash bonus. Mr. Fedde's eligible bonus payment for the calendar year 2013 was based on the Company's achievement of certain performance objectives and company goals. Following his appointment, Mr. Fedde was granted a stock option for the purchase of 25,000 shares of the Company's common stock and restricted stock of 10,000 shares of the Company's common stock under the Company's 2013 Stock Incentive Plan. Mr. Fedde's goals under the Annual Incentive Plan are based on a combination of KEYW and Hexis performance goals. Mr. Fedde also participates in the Hexis Executive Incentive Plan.

(1) Mr. Krobath resigned effective as of April 25, 2014 and stepped down as Chief Financial Officer on March 25, 2014 when the Company appointed Philip Calamia to this role.

(2) Pro-rated due to partial year employment.

In February 2014, we issued LTIP grants to our NEOs totaling 75,000 restricted stock shares and non-qualified stock options to purchase 225,000 shares with a strike price of \$17.11. The restricted stock cliff vests in February 2017 and the options have performance-based vesting based on attainment of financial performance goals: 50% in February 2015, 25% in February 2016 and 25% in February 2017. If performance is not met prior to first vesting, the options are canceled. Our inclusion of performance based options is evidence that we are focused on vehicles that reward executives based on both short-term performance and growing long-term shareholder value.

On March 20, 2014, Mr. Krobath, our Chief Financial Officer, announced his departure to pursue other professional opportunities, effective as of April 25, 2014. Mr. Krobath was focused on transition issues and certain corporate initiatives during that time. In connection with his departure, the Company and Mr. Krobath entered into an amendment (the "Third Amendment") to Mr. Krobath's Employment Agreement, dated as of June 16, 2009, as amended by Amendment to Employment Agreement dated as of March 12, 2012 and Second Amendment to Employment Agreement dated as of June 29, 2012 (collectively, the "Employment Agreement"). Pursuant to the Third Amendment, Mr. Krobath will receive compensation continuing through December 26, 2014, a lump-sum payment of \$330,000 on January 16, 2015, and a potential success fee based on achieving certain corporate milestones no later than August 1, 2014. In addition, all of Mr. Krobath's outstanding equity awards that would have vested before February 28, 2016 will continue to vest on their original vesting schedule, and the performance criteria with respect to Mr. Krobath's 2014 stock option awards made on February 7, 2014 were removed, and 50% of such options will vest on the first anniversary of the grant date, and 25% will vest on the second anniversary of the grant date.

On March 25, 2014, the Company appointed Philip L. Calamia as Chief Financial Officer and Executive Vice President. Currently, Mr. Calamia receives an annual salary of \$280,010 and is eligible to participate in the Company's annual incentive plan beginning with the 2014 fiscal year. Mr. Calamia's target bonus is 50% of his base salary. Mr. Calamia received 2,500 restricted stock awards which will vest on December 31, 2016, and 1,000 restricted stock awards which will vest on February 7, 2017. Mr. Calamia must continue service with the Company through the applicable equity vesting dates. Mr. Calamia may receive additional annual equity grants, subject to the discretion of the board of directors. Mr. Calamia also participates in the Hexis Executive Incentive Plan.

Tax and Accounting Considerations

Section 409A. With the assistance of the outside compensation consultant, in 2011, we completed our review of employment agreements for compliance with Section 409A of the Code, and reviewed our other executive compensation and benefits plans for compliance with Section 409A of the Code.

Section 162(m). Section 162(m) of the Code limits our ability to deduct compensation paid in any given year to a "covered employee" (which includes all of the NEOs other than the CFO) in excess of \$1.0 million. After the end of the "grandfather" period set forth under Section 162(m), as much as practicable, we will attempt to structure the compensation paid to our NEOs in a manner that enables us to deduct such compensation. Compensation is not subject to this deduction limitation if it qualifies as "performance based compensation" within the meaning of Section 162(m). In the event the proposed compensation for any of our NEOs is expected to exceed the \$1.0 million limitation, the compensation committee will, in making decisions about such compensation, balance the benefits of tax deductibility with its responsibility to hire, retain and motivate executive officers with competitive compensation programs. We may approve the payment of compensation that exceeds the deductibility limitation under Section 162(m) in order to meet our compensation objectives or if we determine that doing so is otherwise in the interest of our stockholders.

Accounting for Stock-Based Compensation (FASB ASC Topic 718 Compensation — Stock Compensation, formerly SFAS 123(R), "FASB ASC Topic 718"). FASB ASC Topic 718 requires the expensing of stock-based compensation, which includes equity incentive awards such as stock options and restricted stock.

TABLE OF CONTENTS

The expense related to stock options and restricted stock granted to certain executives and board members is determined in accordance with FASB ASC Topic 718.

Sections 280G and 4999. Under Sections 280G and 4999 of the Code, a 20% excise tax may be levied on certain payments made to certain executives as a result of a change-of-control if such payments equal or exceed three times the executive's "base amount" (as defined under Section 280G). In structuring our executive compensation, we seek to minimize the potential tax consequences that could arise under Sections 280G and 4999 in the event of a change-of-control of KEYW.

Compensation Policies and Practices as they Relate to Risk Management

The compensation committee considers, in establishing and recommending KEYW's employee compensation policies and practices, whether the policy or practice encourages unnecessary or excessive risk taking. The compensation committee has concluded that any risks arising from KEYW's employee compensation policies and practices are not reasonably likely to have a material adverse effect on KEYW. Base salaries are fixed in amount and thus should not encourage unnecessary or excessive risk taking. While the annual incentive plan focuses executives on achievement of short-term or annual goals, and short-term goals may encourage the taking of short-term risks at the expense of long-term results, our annual incentive plan represents only a minority portion of each executive officer's total compensation opportunity. The compensation committee believes that the annual incentive plan appropriately balances risk and the desire to focus executives on specific short-term goals that we believe are important to our success.

Going forward, a large percentage of the compensation provided to our executive officers and other key employees will be in the form of long-term incentive awards, which we believe are important to help further align our employees' interests with those of our stockholders. The compensation committee believes that these awards will not encourage unnecessary or excessive risk taking since the ultimate value of the awards is tied to our stock price, and subject to long-term vesting schedules, to help ensure that employees have significant value tied to long-term stock price performance.

Stock Ownership Guidelines

We established a "Stock Ownership Guidelines" Policy to align the financial interests of KEYW executives and Board members with those of our shareholders. The policy is applicable to all non-employee directors and identified executives. Participants must have beneficial ownership, as defined under Rule 13d-3(d)(1) under the Exchange Act, of our common stock in accordance with the following schedule:

Leadership Position	Value in Share/Number of Shares/% of Ownership
Non-Employee Member of Board	25,000 shares
President and CEO	6× annual base salary
Executive Vice Presidents	3× annual base salary
Other Section 16 Filers	1× annual base salary

Participants may satisfy their ownership guidelines with one or more of the following forms of equity beneficial ownership: shares owned directly, shares owned indirectly (i.e., by spouse or trust), stock options and warrants (vested and/or exercisable within 60-days and in-the-money), or restricted stock.

Once a participant has achieved the requisite level of ownership, the guideline will be considered met going forward unless a participant sells shares and/or receives a salary adjustment, at which time compliance will be re-evaluated. Participants are prohibited from selling company stock until such officer is in compliance with his or her ownership requirement.

Compensation Committee Report

The compensation committee, which is composed solely of independent directors of the board of directors, assists the board of directors in fulfilling its responsibilities with regard to compensation matters, and is responsible under its charter for determining the compensation of KEYW's executive officers. The compensation committee has reviewed and discussed the "Compensation Discussion and Analysis" section of this proxy statement and KEYW's 2013 Annual Report on Form 10-K with management, including our CEO, Leonard E. Moodispaw, and our CFO, Philip L. Calamia. Based on this review and discussion, the compensation committee recommended to the board of directors that the "Compensation Discussion and Analysis" section be included in this proxy statement.

- (4) Non-qualified stock option granted in May 2013 under the 2013 Plan. The award is scheduled to vest with respect to 25% of the award on grant date in each of 2013, 2014, 2015 and 2016 with a strike price of \$13.35.

Option Exercises and Stock Vested at Fiscal Year End

No stock options were exercised and no vesting of restricted stock awards occurred during 2013 for any of our NEOs. All unvested restricted stock awards cliff vest in three years from date of award.

Employment Agreements

We previously entered into employment agreements with five of our NEOs. Each agreement provided for retention of the NEO for an employment term continuing through August 3, 2012, which we refer to as the “guaranteed employment term.” In addition, each agreement provided that if we terminate the employment of the NEO without “cause” or for “disability” prior to the expiration of the guaranteed employment term, the NEO was entitled to receive compensation and benefits otherwise payable to him or her through the later to occur of August 3, 2012 or the last day of actual employment, whichever is greater. Pursuant to these employment agreements, upon the expiration of the guaranteed employment term, an NEO’s employment is converted to “at-will” employment and the NEO is no longer entitled to any severance payments under the employment agreement. Payment and benefit levels were not based on independent competitive analysis but represent what we believed to be reasonable protections. Severance and change-in-control protections provided for in the employment agreements were not considered when making decisions on compensation elements as those protections were provided specifically to attract and retain executive management and provide certainty of employment and the opportunity to benefit from long-term appreciation in equity value during KEYW’s initial growth.

On March 12, 2012 we entered into amended employment agreements with the following NEOs: Len Moodispaw, John Krobath, Mark Willard and Kim DeChello. Mr. Jaehne’s employment agreement was not amended and expired on August 3, 2012. The amendments changed the guaranteed employment term which ran through August 2012 by extending the term date to February 28, 2014. An evergreen clause was added to allow automatic extensions for successive additional years unless the Company notifies the employee in writing that the employment period will not be extended. The amendments also state that applicable payments for change of control (discussed below) will be within sixty (60) days of the occurrence of the triggering event. The compensation committee determined it was in the Company’s best interest to enter into these amendments in order to retain the current NEOs as well as establish the evergreen feature for future agreements to attract and retain senior management, since it is common market practice to include such a feature. The amended agreements give the Company flexibility by having shorter rolling term agreements that can be terminated annually versus the longer commitments with fixed terms. No termination of any NEO employment agreement was enacted prior to February 28, 2014, and therefore each of the NEO employment agreement’s currently have a term extending to February 28, 2016 (subject to automatic extensions as described above).

The agreements also provide for the payment of certain amounts to the NEO upon a “change of control” that occurs within the guaranteed employment term. Under each employment agreement “change of control” is defined as the occurrence of any of (w) an acquisition after the date of the employment agreement by an individual or legal entity or “group” (as described in Rule 13d-5(b) (1) promulgated under the Exchange Act)

TABLE OF CONTENTS

of in excess of 50% of the voting securities of KEYW, (x) the dissolution or liquidation of KEYW or a merger, consolidation, or reorganization of KEYW with one or more other entities in which KEYW is not the surviving entity, unless the holders of KEYW's voting securities immediately prior to such transaction continue to hold at least 51% of such securities following such transaction, (y) the consolidation or sale of all or substantially all of the assets of KEYW in one or a series of related transactions, or (z) the completion by KEYW of an agreement to which KEYW is a party or by which it is bound, providing for any of the events set forth in the above clauses (w), (x) or (y).

Specifically, the agreements provide that upon a change of control, the following occurs:

- 1) CEO — The CEO is entitled to receive a cash payment in an amount equal to three (3) times (the total of the CEO's current base salary plus the greater of (the total cash bonuses paid during the last 24 months divided by two (2) or (current year's target annual incentive opportunity)). If employment is terminated within one (1) year following the change-in-control, the CEO will be entitled to receive compensation and severance benefits for the remainder of the guaranteed employment period or for twelve (12) months, whichever is greater. This qualifying termination is if the Company terminates the CEO without cause or termination is at-will by the CEO for "good reason" (as defined in the agreement). The CEO will continue to have health care, dental, disability or life insurance benefits for three years following the change-of-control. Further, subject to any overriding laws, the Company shall not be required to provide health care, dental, disability or life insurance benefits otherwise receivable by the CEO if the CEO is actually covered or becomes covered by an equivalent benefit (at the same or lesser cost to the CEO, if any) from another source. Any such benefit made available to the CEO shall be reported to the Company. Stock options will remain exercisable for a period of one (1) year following termination, and any outstanding equity awards shall vest immediately upon the change-of-control. The Company will provide a gross-up payment if payments exceed the IRS "safe harbor" limit by more than 10%. To the extent payments are less than or equal to 10% of the safe harbor, then payments are reduced to the safe harbor amount to avoid any excise tax liability.
- 2) NEOs, other than the CEO — The NEO is entitled to receive a cash payment in an amount equal to two (2) times the (total of the executive's current base salary plus the greater of (the total cash bonuses paid during the last 24 months divided by two (2) or (current year's target annual incentive opportunity)). If employment is terminated within one (1) year following the change-in-control, the executive will be entitled to receive compensation and severance benefits for the remainder of the guaranteed period or for twelve (12) months, whichever is greater. This qualifying termination is if the Company terminates the executive without cause or the termination at-will by the executive for "good reason" (as defined in the agreement). The executive will continue to have health care, dental, disability or life insurance benefits for three years following the change-of-control. Further, subject to any overriding laws, the Company shall not be required to provide health care, dental, disability or life insurance benefits otherwise receivable by the executive if the executive is actually covered or becomes covered by an equivalent benefit (at the same or lesser cost to the executive, if any) from another source. Any such benefit made available to the executive shall be reported to the Company. Stock options will remain exercisable for a period of one (1) year following termination, and any outstanding equity awards shall vest immediately upon the change-of-control. The Company will provide a gross-up payment if payments exceed the IRS "safe harbor" limit by more than 10%. To the extent payments are less than or equal to 10% of the safe harbor, then payments are reduced to the safe harbor amount to avoid any excise tax liability.

The right of NEOs under current employment agreements to receive payment upon a change of control is commonly referred to as a "single trigger" payment right (i.e., the NEO's employment does not have to be terminated following the change of control for the executive to receive the cash payment). The board of directors and compensation committee considered the inclusion of a single trigger payment mechanism upon a change of control as part of the full package of benefits contained in the NEOs employment agreements. The board of directors and compensation committee believed that it was important for KEYW, in attracting and retaining executive management that it provided certainty of employment and the opportunity to benefit from long-term appreciation in equity value during KEYW's initial growth. The single-trigger commitments were

TABLE OF CONTENTS

made to a few executives at or near KEYW's founding because they had recently experienced an acquisition, and will remain, but no new "single trigger" agreements will be made in the future. There has been considerable consolidation of companies within our industry and attracting high-level management can be difficult in that environment. Accordingly, as described above, the employment agreements provide some NEOs with a guaranteed employment term, currently through February 28, 2016. If KEYW is acquired in a change of control prior to February 28, 2016, the board of directors and compensation committee believe it is important these NEOs be compensated for the termination of their guaranteed employment term and for potentially foregoing the long-term appreciation in equity value that they might realize if the company were to continue operating independently until February 28, 2016. By providing that the executive is paid on a change of control regardless of whether the executive has been terminated or demoted or has otherwise experienced any diminution in compensation or duties, the board of directors believes that it is providing its NEOs with a reasonable and desirable level of financial security in the event that we experience a change-of-control prior to February 28, 2016.

We believe that the single trigger provision contained in our employment agreements with senior executives is appropriate when the uniqueness of our structure is considered. The overall structure of our employment agreements, our executive ownership requirements and the relatively insignificant amount of the potential change in control payments to potential deal values make the single trigger appropriate for our company.

Our NEO employment agreements allow for executives to terminate their employment at will, given certain notice period requirements. This requirement does not change with a change of control, nor does the employment agreement terminate in conjunction with a change in control payment. The payment is simply a term within the context of the larger agreement and the remaining terms of the agreement remain in effect. We have established, and the executives currently maintain, above average ownership requirements for our senior executives who have single trigger clauses in their contracts. This level of ownership aligns shareholder and executive interests with respect to transactions that could trigger the change in control clauses. The value of the change in control payments is less than the amount of individual equity the executives have in the company. Lastly, the amount of our single trigger change in control payments is not significant.

Each employment agreement also contains confidentiality and proprietary information protection provisions to the benefit of KEYW and non-competition and non-solicitation covenants applicable to the NEO during his or her term of employment and for a one-year period following termination of the NEO's employment with KEYW. Further, each employment agreement provides for reimbursement by KEYW of all reasonable, ordinary and necessary business, travel or entertainment expenses incurred by the NEO in the performance of his or her services to KEYW in accordance with KEYW's policies.

Under each employment agreement "cause" is defined as (a) a good faith finding by KEYW that (i) the NEO has failed to perform his or her reasonably assigned duties and has failed to remedy such failure within 10 days following written notice from KEYW to the NEO notifying him or her of such failure, or (ii) the NEO has engaged in dishonesty, gross negligence or misconduct; (b) the conviction of the NEO of, or the entry of a pleading of guilty or nolo contendere by the NEO to, any crime involving any felony; (c) the NEO has breached fiduciary duties owed to KEYW or has materially breached the terms of his or her employment agreement or any other agreement between the NEO and KEYW; or (d) the failure of the NEO to maintain his or her security clearance if such clearance is necessary to perform the duties assigned to the NEO under his or her employment agreement.

The agreements contain the following specific terms for each 2013 NEO set forth below:

Len Moodispaw. Mr. Moodispaw's employment agreement provides for his employment as President and Chief Executive Officer during the employment period. Under his employment agreement, Mr. Moodispaw is entitled to a base salary, which was increased by the board of directors to \$500,011 in 2013. The board of directors, may from time to time alter his base salary. In addition, Mr. Moodispaw is entitled to certain benefits, including vacation, health insurance and other insurance benefits.

John Krobath. Mr. Krobath's employment agreement provided for his employment as Executive Vice President, Chief Financial Officer during the employment period. Under his employment agreement, Mr. Krobath was entitled to a base salary, which was increased by the board of directors to \$280,010 in 2013.

TABLE OF CONTENTS

In addition, Mr. Krobath was entitled to certain benefits, including vacation, health insurance and other insurance benefits. On March 20, 2014, Mr. Krobath announced his departure to pursue other professional opportunities, effective as of April 25, 2014. In connection with his departure, the Company and Mr. Krobath entered into the Third Amendment. Pursuant to the Third Amendment, Mr. Krobath will receive compensation continuing through December 26, 2014, a lump-sum payment of \$330,000 on January 16, 2015, and a potential success fee based on achieving certain corporate milestones no later than August 1, 2014. In addition, all of Mr. Krobath's outstanding equity awards that would have vested before February 28, 2016 will continue to vest on their original vesting schedule, and the performance criteria with respect to Mr. Krobath's 2014 stock option awards made on February 7, 2014 were be removed, and 50% of such options will vest on the first anniversary of the grant date, and 25% will vest on the second anniversary of the grant date.

Mark Willard. Mr. Willard's employment agreement provides for his employment as Executive Vice President during the employment period. Under his employment agreement, Mr. Willard is entitled to a base salary, which was increased by the board of directors to \$325,000 in 2013. The board of directors, may from time to time alter his base salary. In addition, Mr. Willard is entitled to certain benefits, including vacation, health insurance and other insurance benefits.

Kim DeChello. Ms. DeChello's employment agreement provides for her employment as Executive Vice President, Secretary during the employment period. Under her employment agreement, Ms. DeChello is entitled to a base salary, which was increased by the board of directors to \$250,016 in 2013. The board of directors, may from time to time alter her base salary. In addition, Ms. DeChello is entitled to certain benefits, including vacation, health insurance and other insurance benefits.

In June 2012, the Company entered into amended employment agreements for the followings NEOs: Len Moodispaw, John Krobath, Mark Willard and Kim DeChello. The amended agreements added clawback provisions and changed the Internal Revenue Code Section 280G excise tax gross-up provision to a "Best Net" provision as summarized below:

Clawback Provision

The clawback provision provides that any performance based compensation paid or payable to the executive pursuant to his/her employment agreement or any other agreement or arrangement with the Company which is subject to recovery under any law, government regulation, order or stock exchange listing requirement, will be subject to deductions and clawback (recovery). If the financial statements of the Company are restated for any reason other than for accounting changes that require retrospective treatment or other external reasons not attributable to the Company and its compilation of the financial statements, any cash awards paid to the executives based on the financial statements will be recalculated based on the restated financial statements and the affected executives will have their compensation adjusted. If the compensation is reduced, the executive will be responsible for repaying the difference and if the compensation is increased, the Company will pay that additional compensation. In the case of equity awards, any shares issued in excess of the amounts calculated in the restatement will be returned to the Company if possible. If the shares have already been disposed of at the time of the restatement, the awardee will return the proceeds from the sale to the Company. If the shares have been gifted or otherwise transferred, then an equal number of shares will be returned to the Company.

The clawback period extends for three years from the date of award payment. Each applicable executive specifically authorized the Company to withhold from their future wages any amounts that may become due under the clawback provision. The clawback provision survives termination of each applicable employment agreement for a period of two years.

This clawback provision will be terminated in conjunction with any transaction in which a change of control is deemed to have occurred and KEYW as a publicly traded corporation no longer exists.

Best Net Provision

The "Best Net" provision provides that, in the event that it is determined that total payments following a change-of-control would be subject to the excise tax imposed by Section 280G and Section 4999 of the Code, then (i) if the total payments exceed the safe harbor threshold by less than 10%, the payments will be reduced to the safe harbor amount; or (ii) if the total payments exceed the safe harbor threshold by more than 10%,

TABLE OF CONTENTS

the executive shall be entitled to receive the “Best Net” for the aggregate severance payments and benefits. The executive will receive either the full amount of severance payments and benefits or an amount reduced to the extent necessary so that the executive incurs no excise tax, whichever results in the executive receiving the greater amount, taking into account applicable taxes, as well as the excise tax.

Potential Payments Upon Termination or Change of Control

The employment agreements for our NEOs, described above, have certain provisions that provide for payments to them (a) in the event of the termination of their respective employment without “cause” (as defined in the agreements) and (b) upon a “change of control” (as defined in the agreements). Upon the occurrence of a “change of control”, KEYW or its successor in interest shall pay to the NEO in immediately available funds a cash payment based on the terms of their respective employment agreements. In the event the NEO’s employment is terminated solely by the Company without “cause”, or due to the NEO’s disability, the Company shall pay to the NEO the compensation and benefits otherwise payable to him through the last day of his actual employment by the Company or through the remainder of his employment period, whichever is greater. These payments are conditioned on execution of a waiver and release agreement and shall be paid within ten days after the release becomes effective and such revocation rights have lapsed.

In addition, our 2008 and 2009 equity plans provide that, upon a change of control (as defined in our 2008 Plan and 2009 Plan), our board of directors may elect to cause all outstanding shares of restricted stock and all outstanding stock options awarded under the 2008 Plan and 2009 Plan to become immediately exercisable for a period of fifteen days prior to the scheduled consummation of the change of control. Under our 2013 Stock Incentive Plan, our board of directors may (i) elect to cause all outstanding shares of restricted stock and all outstanding stock options awarded under the 2013 Stock Incentive Plan to become immediately exercisable for a period of fifteen days prior to the scheduled consummation of the change of control or (ii) elect to cancel any outstanding awards and pay or deliver, or cause to be paid or delivered, an amount in cash or securities having a value equal to the product of the “Grant Shares” (as defined in the 2013 Plan) multiplied by the amount, if any, by which (I) the formula or fixed price per share paid to holders of shares of stock pursuant to such transaction exceeds (II) the option price applicable to such Grant Shares. See “Executive Compensation — Equity Incentive Plans” for a detailed description of the terms of our equity incentive plans.

The following table sets forth the Company’s estimated payment obligations under the NEO employment agreements that would arise in the event of (i) the termination of the NEO’s employment without cause or (ii) a change of control of KEYW. The estimated payments assume that the relevant termination or change of control occurred as of December 31, 2013, using the price of our common stock as of December 31, 2013, which was \$13.44 per share.

Equity Incentive Plans

2008 Stock Incentive Plan

Overview

The KEYW Corporation 2008 Stock Incentive Plan (which we refer to as our 2008 Stock Incentive Plan, or 2008 Plan) was adopted by our wholly-owned subsidiary, The KEYW Corporation, on July 31, 2008 (inception). Pursuant to a corporate restructuring, we assumed the 2008 Plan and the awards thereunder from The KEYW Corporation, in December 2009. The purpose of the 2008 Plan is to enhance our ability to attract and retain highly qualified officers, directors, key employees, and other persons, and to motivate such persons to serve KEYW and to expend maximum effort to improve the business results and earnings of KEYW, by providing to such persons an opportunity to acquire or increase a direct proprietary interest in the operations and future success of KEYW. Under the 2008 Plan, 1,000,000 shares of our common stock were reserved for issuance as potential awards under the plan. As of December 31, 2013, options to purchase 436,150 shares of our common stock were outstanding under the 2008 Plan and 322,500 shares of restricted stock were outstanding under the 2008 Plan.

In general, options and restricted shares awarded under the 2008 Plan are subject to vesting over a five-year period beginning on the grant date, except for grants of stock options in an amount less than 1,000 shares. These awards vest over a three-year period.

As of December 31, 2013, outstanding options under the 2008 Plan had a weighted average exercise price of \$5.40 per share, and had expiration dates ranging from October 2, 2018 to December 29, 2019. In connection with the adoption of our 2009 Plan (described below), we ceased making awards under the 2008 Plan, and no additional shares are reserved for new grants under the 2008 Plan. The 2008 Plan remains in effect, however, with respect to awards outstanding under the plan.

Effective Date and Term

The 2008 Plan was effective as of the date of approval by our board of directors, or July 31, 2008 (inception), and will expire at the close of a ten-year term unless earlier terminated by our board of directors.

Administration, Amendment and Termination

Our board of directors has the power and authority to administer the 2008 Plan. As permitted by the terms of the 2008 Plan, our board of directors had delegated this power and authority to our compensation committee. The compensation committee has the authority to interpret the terms and intent of the 2008 Plan and make all determinations necessary or advisable for the administration of the 2008 Plan.

The compensation committee may amend, suspend or terminate the 2008 Plan at any time with respect to any shares of common stock as to which awards have not been made. No such action may amend the 2008 Plan without the approval of stockholders if the amendment is required to be submitted for stockholder approval by applicable law, rule or regulation.

Award Types

The 2008 Plan provides for the grant of incentive stock options, non-qualified stock options and restricted stock. An “incentive stock option” is an option that meets the requirements of Section 422 of the Internal Revenue Code, and a “non-qualified stock option” is an option that does not meet those requirements. “Restricted stock” is an award of common stock on which restrictions are imposed over specified periods that subject the shares to a substantial risk of forfeiture, as defined in Section 83 of the Internal Revenue Code. No incentive stock options were issued under the 2008 Plan.

Shares Issued under the 2008 Plan

Shares issued under the 2008 Plan may be authorized as unissued shares or treasury shares. Any shares covered by an award, or portion of an award, granted under the 2008 Plan that are forfeited or canceled, expire or are settled in cash will be deemed not to have been issued for purposes of determining the maximum number of shares available for issuance under the 2008 Plan.

If any stock option is exercised by tendering shares to us, or if we withhold shares to satisfy tax withholding obligations in connection with such an exercise, as full or partial payment in connection with the exercise of a

TABLE OF CONTENTS

stock option under the 2008 Plan, only the number of shares issued net of the shares tendered will be deemed issued for purposes of determining the maximum number of shares available for issuance under the 2008 Plan.

Terms and Conditions of Option Awards

An option granted under the 2008 Plan is exercisable only to the extent that it is vested. No option may be exercisable more than ten years from the option grant date.

The exercise price per share for each option granted under the 2008 Plan may not be less than 100%, or 110% in the case of an incentive stock option granted to a 10% stockholder, of the fair market value of the common stock on the option grant date. Prior to the cessation of awards under the 2008 Plan, fair market value was determined in good faith by our board of directors in a manner consistent with Section 409A of the Internal Revenue Code. Except upon the occurrence of a merger or other transaction described below, no amendment or modification may be made to an outstanding option which reduces the exercise price, either by lowering the exercise price or by canceling the outstanding option and granting a replacement option with a lower exercise price.

Payment of the exercise price for shares purchased pursuant to the exercise of an option may be made in cash or in cash equivalents acceptable to us or, to the extent permitted by law, in any other form that is consistent with applicable laws, regulations and rules, including NASDAQ rules.

The non-qualified stock options awarded under the 2008 Plan are generally non-transferable, except for transfers by will or the laws of descent and distribution. The compensation committee may, in its discretion, determine that an award of non-qualified stock options also may be transferred to family members by gift or other transfers deemed not to be for value.

Terms and Conditions of Restricted Stock Awards

Subject to the provisions of the 2008 Plan, our board of directors determined the terms and conditions of each award of restricted stock, including the restricted period for all or a portion of the award, the restrictions applicable to the award and the purchase price, if any, for the common stock subject to the award. Holders of shares of restricted stock have the right during the restricted period to exercise full voting rights with respect to those shares and the right to receive any dividends declared or paid with respect to the shares.

The shares of restricted stock awarded under the 2008 Plan are generally nontransferable during the restricted period or before satisfaction of any other restrictions applicable to the awards.

Adjustment of Shares Subject to 2008 Plan

In the event of any increase or decrease in the number of outstanding shares of our common stock, or in the event such shares are changed into or exchanged for a different number or kind of shares or other securities of ours on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, the compensation committee will adjust, among other award terms, the number and kind of shares or property that may be delivered in connection with awards and the exercise price, grant price or purchase price relating to any award in such manner as the compensation committee determines to be necessary to prevent dilution or enlargement of the rights of participants.

Effect of Certain Corporate Transactions

Certain corporate transactions involving us, such as a sale or other change-of-control of KEYW, may cause awards granted under the 2008 Plan to vest, unless the awards are continued or substituted for by the surviving company in connection with the corporate transaction. Upon such a transaction the compensation committee may also elect to cancel outstanding awards in exchange for cash or securities equal in value to the shares subject to the award, less, in the case of stock options, the aggregate exercise price.

2009 Stock Incentive Plan

Overview

The KEYW Holding Corporation 2009 Stock Incentive Plan (which we refer to as our 2009 Stock Incentive Plan, or the 2009 Plan), was adopted on December 29, 2009. As with our 2008 Plan, the purpose of the 2009 Plan is to enhance our ability to attract and retain highly qualified officers, directors, key employees, and other

TABLE OF CONTENTS

persons, and to motivate such persons to serve KEYW and to expend maximum effort to improve the business results and earnings of KEYW, by providing to such persons an opportunity to acquire or increase a direct proprietary interest in the operations and future success of KEYW. The 2009 Plan provides for the grant of stock options (in the form of either incentive stock options or non-qualified stock options), restricted stock, and restricted stock units (RSUs). Awards may be made under the 2009 Plan to any employee, officer, or director of KEYW or, except for incentive stock options, to any consultant or adviser currently providing services to KEYW. Under the 2009 Plan, 12,000,000 shares of our common stock were reserved for issuance under the plan; provided, however, that awards will not be granted in excess of 12% of our total issued and outstanding common stock at any given time. Of the total shares reserved under the plan, as of December 31, 2013, non-qualified stock options for 1,996,124 shares of our common stock were outstanding and 449,450 shares of restricted stock were outstanding under the 2009 Plan. No RSUs or incentive stock options have been issued under the 2009 Plan. As of December 31, 2013, outstanding options under the 2009 Plan had a weighted average exercise price of \$10.99 per share and had expiration dates ranging from December 29, 2019 to December 30, 2022. In connection with the adoption of our 2013 Plan (described below), we ceased making awards under the 2009 Plan, and no additional shares are reserved for new grants under the 2009 Plan. The 2009 Plan remains in effect, however, with respect to awards outstanding under the plan.

In general, options and restricted shares awarded under the 2009 Plan are subject to vesting over a three-year period. However, our compensation committee, which administers the 2009 Plan, has discretion to determine other vesting terms of equity awards at the time of grant.

Effective Date and Term

The 2009 Plan was effective as of the date of approval by our board of directors, or December 29, 2009, and will expire at the close of a ten-year term unless earlier terminated by our board of directors.

Administration, Amendment and Termination

Our board of directors has the power and authority to administer the 2009 Plan. As permitted by the terms of the 2009 Plan, our board of directors had delegated this power and authority to our compensation committee. The compensation committee has the authority to interpret the terms and intent of the 2009 Plan, determine eligibility and terms of awards for participants and make all other determinations necessary or advisable for the administration of the 2009 Plan.

The compensation committee may amend, suspend or terminate the 2009 Plan at any time with respect to any shares of our common stock as to which awards have not been made. No such action may amend the 2009 Plan without the approval of stockholders if the amendment is required to be submitted for stockholder approval by applicable law, rule or regulation, including NASDAQ rules.

Award Types

As noted above, the 2009 Plan provides for the grant of incentive stock options, non-qualified stock options, restricted stock and restricted stock units. "Restricted stock units," or "RSUs," are awards that represent a conditional right to receive shares of common stock in the future and that may be made subject to the same types of restrictions and risk of forfeiture as restricted stock.

Shares Issued Under The 2009 Plan

Shares issued under the 2009 Plan may be authorized as unissued shares or treasury shares. Any shares covered by an award, or portion of an award, granted under the 2009 Plan that are forfeited or canceled, expire or are settled in cash will be deemed not to have been issued for purposes of determining the maximum number of shares available for issuance under the 2009 Plan.

If any stock option is exercised by tendering shares to us, or if we withhold shares to satisfy tax withholding obligations in connection with such an exercise, as full or partial payment in connection with the exercise of a stock option under the 2009 Plan, only the number of shares issued net of the shares tendered will be deemed issued for purposes of determining the maximum number of shares available for issuance under the 2009 Plan.

TABLE OF CONTENTS

Terms and Conditions of Option Awards

An option granted under the 2009 Plan will be exercisable only to the extent that it is vested. No option may be exercisable more than ten years from the option grant date. The compensation committee may include in the option agreement the period during which an option may be exercised following termination of employment or service.

The exercise price per share for each option granted under the 2009 Plan could not be less than 100%, or 110% in the case of an incentive stock option granted to a 10% stockholder, of the fair market value of the common stock on the option grant date. Prior to our IPO, fair market value was determined in good faith by our board of directors or compensation committee in a manner consistent with Section 409A of the Internal Revenue Code. After the offering, for so long as the common stock is listed on the NASDAQ, the fair market value of the common stock was the closing price of the common stock as reported on the NASDAQ on the option grant date.

Except upon the occurrence of a merger or other transaction described below, no amendment or modification may be made to an outstanding option which reduces the exercise price, either by lowering the exercise price or by canceling the outstanding option and granting a replacement option with a lower exercise price.

Payment of the exercise price for shares purchased pursuant to the exercise of an option may be made in cash or in cash equivalents acceptable to us or, to the extent permitted by law, in any other form that is consistent with applicable laws, regulations and rules, including NASDAQ rules.

Each option will become vested and exercisable at such times and under such conditions as the compensation committee may approve consistent with the terms of the 2009 Plan.

In the case of incentive stock options, the aggregate fair market value of the common stock determined on the option grant date with respect to which such options are exercisable for the first time during any calendar year may not exceed \$100,000.

Incentive stock options are non-transferable during the optionee's lifetime. Awards of non-qualified stock options are generally non-transferable, except for transfers by will or the laws of descent and distribution. The compensation committee may, in its discretion, determine that an award of non-qualified stock options also may be transferred to family members by gift or other transfers deemed not to be for value.

The compensation committee may impose restrictions on any shares of common stock acquired pursuant to the exercise of an option as it deems advisable, including minimum holding period requirements or restrictions under applicable federal securities laws, under the requirements of any stock exchange or market upon which the shares of common stock are then listed or traded, or under any blue sky or state securities laws applicable to the shares of common stock.

A non-solicitation, non-interference clause was added to the form of stock option agreement in June 2012.

Terms and Conditions of Restricted Stock and Restricted Stock Units

Subject to the provisions of the 2009 Plan, the compensation committee will recommend and the board of directors will determine the terms and conditions of each award of restricted stock and RSUs, including the restricted period for all or a portion of the award, the restrictions applicable to the award and the purchase price, if any, for the common stock subject to the award. Unless otherwise recommended by the compensation committee, to the extent permitted or required by law as determined by the board of directors, holders of shares of restricted stock will have the right during the restricted period to exercise full voting rights with respect to those shares and the right to receive any dividends declared or paid with respect to the shares. Holders of RSUs will not have the right during the restricted period to exercise any voting rights with respect to our common stock or to receive any dividends declared or paid with respect to our common stock.

The restrictions and the restricted period may differ with respect to each participant. An award will be subject to forfeiture if events specified by the compensation committee occur before the lapse of the restrictions.

Awards of restricted stock and RSUs are generally nontransferable during the restricted period or before satisfaction of any other restrictions applicable to the awards.

A non-solicitation, non-interference clause was added to the form of restricted stock agreement in June 2012.

Adjustment of Shares Subject to 2009 Plan

In the event of any increase or decrease in the number of outstanding shares of our stock, or in the event such shares are changed into or exchanged for a different number or kind of shares or other securities of ours on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, the compensation committee will adjust, among other award terms, the number and kind of shares or property that may be delivered in connection with awards and the exercise price, grant price or purchase price relating to any award in such manner as the compensation committee determines to be necessary to prevent dilution or enlargement of the rights of participants.

Effect of Certain Corporate Transactions

Certain corporate transactions involving us, such as a sale of KEYW or change of control, may cause awards granted under the 2009 Plan to vest, unless the awards are continued or substituted for by the surviving company in connection with the corporate transaction. Upon such a transaction the compensation committee may also elect to cancel outstanding awards in exchange for cash or securities equal in value to the shares subject to the award, less, in the case of stock options, the aggregate exercise price.

2013 Stock Incentive Plan

The principal terms of the 2013 Stock Incentive Plan (which we refer to as our 2013 Stock Incentive Plan, or the 2013 Plan) are summarized below. The following summary is qualified in its entirety by the full text of the 2013 Stock Incentive Plan. The 2013 Plan became effective on January 1, 2013 and replaced the 2009 Plan. Under the 2013 Plan, 2,000,000 shares of our common stock are reserved for issuance under the plan. Of the total shares reserved under the plan, as of December 31, 2013, non-qualified stock options for 454,400 shares of our common stock were outstanding and 248,500 shares of restricted stock were outstanding under the 2013 Plan. No RSUs or incentive stock options have been issued under the 2013 Plan. As of December 31, 2013, outstanding options under the 2013 Plan had a weighted average exercise price of \$12.16 per share and had expiration dates ranging from January 31, 2023 to December 30, 2023.

Purpose

The 2013 Plan is intended to enhance the Company's ability to attract and retain highly qualified officers, directors, key employees, and other persons, and to motivate such persons to serve the Company and to expend maximum effort to improve the business results and earnings of the Company, by providing to such persons an opportunity to acquire or increase a direct proprietary interest in the operations and future success of the Company. To this end, the 2013 Plan provides for the grant of stock options, restricted stock, restricted stock units, SARs and performance shares. Stock options granted under the 2013 Plan may be nonqualified stock options or incentive stock options.

Administration

The board of directors will have such powers and authorities related to the administration of the 2013 Plan as are consistent with the Company's certificate of incorporation and bylaws and applicable law.

The board of directors, from time to time, may delegate to one or more Committees or the CEO such powers and authorities related to the administration and implementation of the 2013 Plan, as the board of directors may determine.

Subject to the other terms and conditions of the 2013 Plan, the board of directors has full and final authority to:

- (i) designate grantees;
- (ii) determine the type or types of awards to be made to a grantee;
- (iii) determine the number of shares of stock to be subject to an award;
- (iv) establish the terms and conditions of each award (including, but not limited to, the option price of any option, the nature and duration of any restriction or condition (or provision for lapse thereof))

TABLE OF CONTENTS

relating to the vesting, exercise, transfer, or forfeiture of an award or the shares of stock subject thereto, and any terms or conditions that may be necessary to qualify options as incentive stock options);

(v) prescribe the form of each award Agreement evidencing an award; and

(vi) amend, modify, or supplement the terms of any outstanding award.

Deferral Arrangements

The board of directors may permit or require the deferral of any award payment into a deferred compensation arrangement, subject to such rules and procedures as it may establish, which may include provisions for the payment or crediting of interest or dividend equivalents, including converting such credits into deferred stock equivalents. Any such deferrals will be made in a manner that complies with Code Section 409A.

Stock Subject to the 2013 Plan

The number of shares of stock currently available for issuance under the 2013 Plan is 2,000,000 (two million). Pursuant to Proposal Number 3, included herein, the Company is seeking stockholder approval to increase the number of shares issuable under the 2013 Plan to 5,000,000 (five million). All shares of stock issuable under the 2013 Plan may be issued as common stock.

The 2013 Plan imposes individual limitations on the amount of awards, to comply with Code Section 162(m). Under these limitations, in any fiscal year of the Company during any part of which the 2013 Plan is in effect, no participant may be granted an award of more than 200,000 shares.

Adjustments in Authorized Shares

The board of directors has the right to substitute or assume awards in connection with mergers, reorganizations, separations, or other transactions to which Section 424(a) of the Code applies. The number of shares of stock reserved pursuant to the Plan will be increased by the corresponding number of Awards assumed and, in the case of a substitution, by the net increase in the number of shares of Stock subject to awards before and after the substitution.

Effective Date and Term

The 2013 Plan became effective as of January 1, 2013, was approved by the Company's board of directors on May 2, 2012 and was approved by the Company's stockholders on August 15, 2012.

The 2013 Plan will terminate automatically on December 31, 2022 (10 years from the effective date) and may be terminated on any earlier date as provided in the 2013 Plan.

Eligibility

Awards may be made under the 2013 Plan to any employee, officer or director of, or other service provider providing services to, the Company or any affiliate thereof. The approximate number of all such persons is 1,200.

Award Agreements

Each award pursuant to the 2013 Plan will be evidenced by an award agreement, in such form or forms as the board of directors will from time to time determine, which specifies the number of shares subject to the award. A non-solicitation, non-interference clause is included in all award agreements.

Options

The option price of each option will be fixed by the board of directors and stated in the award agreement evidencing such option. The option price will not be less than the fair market value on the grant date of a share of stock; provided, however, that in the event that a grantee is a beneficial holder of more than ten percent of our common stock, the option price of an incentive stock option granted to such grantee will not be less than one hundred ten percent (110%) of the fair market value of a share of common stock on the grant date.

Subject to the terms of the 2013 Plan, each option granted under the 2013 Plan will become exercisable at such times and under such conditions as will be determined by the board of directors and stated in the award agreement.

TABLE OF CONTENTS

The board of directors may provide, for example, in the award agreement for (i) accelerated exercisability of the option in the event the grantee's service terminates on account of death, disability (as defined in the 2013 Plan) or another event, (ii) expiration of the option prior to its term in the event of the termination of the grantee's service to the Company, (iii) immediate forfeiture of the option in the event the grantee's service is terminated for "Cause" (as defined in the Plan) or (iv) unvested options to be exercised subject to the Company's right of repurchase with respect to unvested shares of stock.

Generally, each option granted under the 2013 Plan will terminate, and all rights to purchase shares of stock thereunder will cease, upon the expiration of ten (10) years from the grant date, or under such circumstances and on such date prior thereto as is set forth in the 2013 Plan or as may be fixed by the board of directors and stated in the award agreement relating to such option.

Restricted Stock and Stock Units

The board of directors may from time to time grant restricted stock or stock units to persons eligible to receive awards under the 2013 Plan, subject to such restrictions, conditions and other terms as the board of directors may determine.

At the time an award of restricted stock or stock units is made, the board of directors will establish a restriction period applicable to such restricted stock or stock units.

Each award of restricted stock or stock units may be subject to a different restriction period. The board of directors may, in its sole discretion, at the time an award of restricted stock or stock units is made, prescribe conditions that must be satisfied prior to the expiration of the restriction period, including the satisfaction of corporate or individual performance objectives or continued service, in order that all or any portion of the restricted stock or stock units will vest.

The board of directors also may, in its sole discretion, shorten or terminate the restriction period or waive any of the conditions applicable to all or a portion of the restricted stock or stock units.

Holders of restricted stock will have the right to vote such stock and, unless the board of directors otherwise provides in an award agreement, to receive any dividends declared or paid with respect to such stock. In the case of unearned performance awards (shares/units), dividend payouts/dividend equivalents are prohibited.

Holders of stock units will have no rights as stockholders of the Company. The board of directors may provide in an award agreement evidencing a grant of stock units that the holder of such stock units will be entitled to receive, upon the Company's payment of a cash dividend on its outstanding stock, a cash payment for each stock unit held equal to the per-share dividend paid on the stock.

Unless otherwise provided by the board of directors in the applicable award agreement, upon the termination of a grantee's service with the Company or an affiliate thereof, any shares of restricted stock or stock units held by such grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, will immediately be deemed forfeited.

Withholding Taxes

The Company will have the right to deduct from payments of any kind otherwise due to a grantee any federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an award or upon the issuance of any shares of stock or payment of any kind upon the exercise of an option. Subject to the prior approval of the Company the grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company to withhold shares of stock otherwise issuable to the grantee or (ii) by delivering to the Company shares of stock already owned by the grantee. The shares of stock so delivered or withheld will have an aggregate fair market value equal to such withholding obligations.

Change of Control

Subject to certain exceptions upon the occurrence of a change of control either of the following two actions will be taken:

- (i) fifteen days prior to the scheduled consummation of a change of control, all shares of restricted stock and stock units will become immediately vested and all options outstanding hereunder will

TABLE OF CONTENTS

become immediately exercisable unless otherwise specified in any executed executive agreements and will remain exercisable for a period of fifteen days, or

- (ii) the board of directors may elect, in its sole discretion, to cancel any outstanding awards and pay or deliver, or cause to be paid or delivered, to the holder thereof an amount in cash or securities having a value (as determined by the board of directors acting in good faith) equal to the product of the number of shares of stock subject to the award multiplied by the amount, if any, by which (I) the formula or fixed price per share paid to holders of shares of stock pursuant to such transaction exceeds (II) the option price applicable to such grant shares.

With respect to the Company's establishment of an exercise window, (i) any exercise of an option during such period will be conditioned upon the consummation of the event and will be effective only immediately before the consummation of the event, and (ii) upon consummation of any change of control, the 2013 Plan and all outstanding but unexercised options will terminate.

These above terms will not apply to any change of control to the extent that provision is made in writing in connection with such change of control for the assumption or continuation of the options, stock units or shares of restricted stock theretofore granted, or for the substitution for such awards for new common stock options, stock units or new shares of restricted stock relating to the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number of shares (disregarding any consideration that is not common stock) and option prices, in which event the awards theretofore granted will continue in the manner and under the terms so provided. In the event a grantee's award is assumed, continued or substituted upon the consummation of any change of control and their employment is terminated without cause within one year following the consummation of such change of control, the grantee's award will be fully vested and may be exercised in full, to the extent applicable, for the period set forth in the grantee's award agreement or for such longer period as the 2013 Plan committee may determine.

New Plan Benefits

Future benefits under the 2013 Plan generally will be granted at the discretion of the board of directors and are therefore not currently determinable.

Federal Income Tax Consequences

Incentive Stock Options

The grant of an option will not be a taxable event for the grantee or for us. A grantee will not recognize taxable income upon exercise of an incentive stock option (except that the alternative minimum tax may apply), and any gain realized upon a disposition of our common stock received pursuant to the exercise of an incentive stock option will be taxed as long-term capital gain if the grantee holds the shares of common stock for at least two years after the date of grant and for one year after the date of exercise (the "holding period requirement"). We will not be entitled to any business expense deduction with respect to the exercise of an incentive stock option, except as discussed below.

For the exercise of an option to qualify for the foregoing tax treatment, the grantee generally must be our employee or an employee of our subsidiary from the date the option is granted through a date within three months before the date of exercise of the option. If all of the foregoing requirements are met except the holding period requirement mentioned above, the grantee will recognize ordinary income upon the disposition of the common stock in an amount generally equal to the excess of the fair market value of the common stock at the time the option was exercised over the option exercise price (but not in excess of the gain realized on the sale). The balance of the realized gain, if any, will be capital gain. We will be allowed a business expense deduction to the extent the grantee recognizes ordinary income.

Non-Qualified Options

The grant of an option will not be a taxable event for the grantee or for us. Upon exercising a non-qualified option, a grantee will recognize ordinary income in an amount equal to the difference between the exercise price and the fair market value of the common stock on the date of exercise. Upon a subsequent sale or exchange of shares acquired pursuant to the exercise of a non-qualified option, the grantee will have taxable capital gain or loss, measured by the difference between the amount realized on the disposition and the tax

TABLE OF CONTENTS

basis of the shares of common stock (generally, the amount paid for the shares plus the amount treated as ordinary income at the time the option was exercised). We will generally be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Restricted Stock

A grantee who is awarded restricted stock will not recognize any taxable income for federal income tax purposes in the year of the award, provided that the shares of common stock are subject to restrictions (that is, the restricted stock is nontransferable and subject to a substantial risk of forfeiture). However, the grantee may elect under Section 83(b) of the Internal Revenue Code to recognize compensation income in the year of the award in an amount equal to the fair market value of the common stock on the date of the award (less the purchase price, if any), determined without regard to the restrictions. If the grantee does not make such a Section 83(b) election, the fair market value of the common stock on the date the restrictions lapse (less the purchase price, if any) will be treated as compensation income to the grantee and will be taxable in the year the restrictions lapse and dividends paid while the common stock is subject to restrictions will be subject to withholding taxes. We will generally be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

Restricted Stock Units

There are no immediate tax consequences of receiving an award of restricted stock units under the 2013 Plan. A grantee who is awarded such stock units will be required to recognize ordinary income in an amount equal to the fair market value of shares issued to such grantee at the end of the restriction period or, if later, the payment date. We will generally be entitled to a business expense deduction in the same amount and generally at the same time as the grantee recognizes ordinary income.

As of January 1, 2010, the Plan calls for an employer matching contribution of up to 10% of eligible compensation for KEYW employees and up to 4% for Hexis employees. Total authorized contributions under the matching contribution feature of the Plan were \$10.4 million, \$7.8 million and \$4.1 million, in 2013, 2012 and 2011, respectively. There were no discretionary contributions during these periods.

The Company previously had qualified contribution retirement plans for some of the previously acquired companies. All of these plans were converted into The KEYW Corporation 401(k) Plan on or before December 31, 2013.

Employee Stock Purchase Plan

We adopted the Employee Stock Purchase Plan (the “ESPP”) on September 3, 2010. The ESPP offers a maximum of 5,000,000 million shares of Common Stock for purchase by employees (including NEOs) over the ten year life of the ESPP. Employees are able to purchase shares through accumulated payroll deductions at 85% of the fair market value of the shares based on the closing sales price of the shares on the purchase date, which will occur at the end of each fiscal quarter. Individual employees are limited to a maximum of 1,000 shares per quarter under the ESPP. The Company has elected to use open market purchases for all shares issued under the ESPP.

Options to Purchase Securities

The Company has established several stock incentive plans. PROPOSAL 4 — NON-BINDING ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY’S NAMED EXECUTIVE OFFICERS

Background of the Proposal

The Dodd-Frank Act requires all public companies, beginning with their stockholder meetings on or after January 21, 2011, to hold a separate non-binding advisory stockholder vote to approve the compensation of executive officers as described in the Compensation Discussion and Analysis, the executive compensation tables and any related information in each such company’s proxy statement (commonly known as a “Say on Pay” proposal). Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are holding a separate non-binding advisory vote on Say on Pay at the Annual Meeting.

Say on Pay Proposal

As discussed in the “Compensation Discussion and Analysis” section of this Proxy Statement, our executive compensation program is primarily structured to attract, retain, and motivate qualified, talented and diverse leaders who are enthusiastic about our mission and culture by providing competitive compensation and benefits to our executive officers consistent with our focus on controlling costs. The primary elements of compensation used to support the above goals are base salary, annual incentives, long-term incentives, discretionary awards, and retirement, health, & welfare benefits. We maintain compensation plans that tie a substantial portion of our executives’ overall compensation to the achievement of corporate goals and success of the Company. The board of directors believes that our compensation program for our executive officers is appropriately based upon our performance and the individual performance and level of responsibility of the executive officers. We urge you to read the “Executive Compensation” section of this Proxy Statement for details on the Company’s executive compensation programs.

The Say on Pay proposal is set forth in the following resolution:

“RESOLVED, that the compensation paid to The KEYW Holding Corporation’s Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.”

Because your vote on this proposal is advisory, it will not be binding on the board of directors, the compensation committee or the Company. However, the compensation committee will take into account the outcome of the vote when considering future executive compensation arrangements.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR THE SAY ON PAY PROPOSAL*.

Background of the Proposal

The Dodd-Frank Act also requires all public companies, beginning with their stockholder meetings on or after January 21, 2011, to hold a separate non-binding advisory stockholder vote with respect to the frequency of the vote on the Say on Pay proposal thereafter. Companies must give stockholders the choice of whether to cast an advisory vote on the Say on Pay proposal every year, every two years, or every three years (commonly known as “Say on Frequency”). Stockholders may also abstain from making a choice. After such initial votes are held, the Dodd-Frank Act requires all public companies to submit to their stockholders no less often than every six years thereafter the Say on Frequency proposal. Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are holding a separate non-binding advisory vote on the frequency of Say on Pay in future years at the Annual Meeting.

Say on Frequency Proposal

The board of directors believes that Say on Pay votes should be conducted every year. As discussed above, the board of directors believes that our executive compensation programs are designed to secure and retain the services of high quality executives and to provide compensation to our executives that are commensurate and aligned with our performance and advances both short and long-term interest of ours and our stockholders. In addition, the board of directors believes a one year period will allow our stockholders to better judge our executive compensation program in relation to long-term performance. The board of directors believes that giving our stockholders the right to cast an advisory vote every year on their approval of the compensation arrangements of our Named Executive Officers provides the board of directors sufficient time to thoughtfully evaluate and respond to stockholder input and effectively implement changes, as needed, to our executive compensation program.

Although the board of directors recommends that the Say on Pay proposal be voted on every year, our stockholders will be able to specify one of four choices for the frequency of the vote on the Say on Pay proposal as follows: (i) one year, (ii) two years, (iii) three years, or (iv) abstain. This is an advisory vote and will not be binding on the board of directors or the Company, and the board of directors may determine that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than may be indicated by this advisory vote of our stockholders. Nevertheless, the compensation committee will take into account the outcome this advisory vote when considering how frequently to seek an advisory vote on Say on Pay in future years.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE SELECTION OF “ONE YEAR” AS THE FREQUENCY WITH WHICH STOCKHOLDERS ARE PROVIDED AN ADVISORY VOTE ON SAY ON PAY.

AUDIT COMMITTEE REPORT

In performing its oversight responsibilities, the audit committee has reviewed and discussed the Company's 2013 consolidated audited financial statements with the Company's management. The audit committee also has discussed with the Company's independent registered public accounting firm, Grant Thornton LLP, the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, which include, among other items, matters related to the conduct of the audit of the Company's consolidated financial statements.

The audit committee has received written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountant the independent accountant's independence.

Based on these reviews and discussions, the audit committee recommended to the board of directors that the Company's 2013 audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

The members of the audit committee are not professionally engaged in the practice of accounting or auditing and are not experts in the fields of accounting or auditing, including in respect of accountant's independence. The board of directors has determined that Ms. Pisano is an audit committee financial expert as defined by Item 401(h) of Regulation S-K of the Securities Act of 1933, as amended. Members of the audit committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent registered public accounting firm. Accordingly, the audit committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the audit committee's considerations and discussions do not assure that the audit of the Company's consolidated financial statements has been carried out in accordance with auditing standards generally accepted in the United States of America, that the consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that the Company's independent registered public accounting firm are in fact "independent."

If a stockholder gives notice of such a proposal outside such window, the Company's proxy holders will be allowed to use their discretionary voting authority to vote against the stockholder proposal when and if the proposal is raised at the 2015 Annual Meeting.

Annual Report and Consolidated Financial Statements

A copy of the Company's 2013 Annual Report accompanies this Proxy Statement. Such report is not part of the proxy solicitation materials.

Householding

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are stockholders of the Company may be “householding” our proxy materials. A single Proxy Statement and 2013 Annual Report may be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once a stockholder has received notice from its broker that it will be “householding”

communications to such stockholder's address, "householding" will continue until such stockholder is notified otherwise or until such stockholder notifies its broker or us that it no longer wishes to participate in "householding." - (ii) determine the type or types of Awards to be made to a Grantee;
- (iii) determine the number of shares of Stock to be subject to an Award;

- (vi) amend, modify, or supplement the terms of any outstanding Award (provided, that, no amendment, modification or supplement of any Award shall, without the consent of the Grantee, impair the Grantee's rights under such Award).

The Board's authority hereunder specifically includes the authority, in order to effectuate the purposes of the Plan but without amending the Plan, to modify Awards to eligible individuals who are foreign nationals or are individuals who are employed outside the United States to recognize differences in local law, tax policy, or custom. Notwithstanding the foregoing, no amendment, modification or supplement of any Award shall, without the consent of the Grantee, impair the Grantee's rights under such Award.

The Company may retain the right in an Award Agreement to cause a forfeiture of the gain realized by a Grantee on account of actions taken by the Grantee in violation or breach of or in conflict with any employment agreement, non-competition agreement, any agreement prohibiting solicitation of employees or clients of the Company or any Affiliate thereof or any confidentiality obligation with respect to the Company or any Affiliate thereof or otherwise in competition with the Company or any Affiliate thereof, to the extent specified in such Award Agreement applicable to the Grantee. The Board may permit or require the deferral of any award payment into a deferred compensation arrangement, subject to such rules and procedures as it may establish, which may include provisions for the payment or crediting of interest or dividend equivalents, including converting such credits into deferred Stock equivalents. 4.1 Number of Shares Available for Awards; Annual Per-Person Limitations.

Subject to adjustment as provided in Section 15 hereof, the number of shares of Stock available for issuance under the Plan shall be 5,000,000 (five million). TABLE OF CONTENTS

4.2 Adjustments in Authorized Shares.

The Board shall have the right to substitute or assume Awards in connection with mergers, reorganizations, separations, or other transactions to which Section 424(a) of the Code applies. The number of shares of Stock reserved pursuant to Section 4 shall be increased by the corresponding number of Awards assumed and, in the case of a substitution, by the net increase in the number of shares of Stock subject to Awards before and after the substitution.

4.3 Share Usage.

Shares covered by an Award shall be counted as of the Grant Date for purposes of calculating the number of shares available for issuance under Section 4.1. If any shares covered by an Award are not purchased or are forfeited or expire, or if an Award otherwise terminates without delivery of any Stock subject thereto or is settled in cash in lieu of shares, then the number of shares of Stock counted against the aggregate number of shares available under the Plan with respect to such Award shall, to the extent of any such forfeiture, termination, or expiration again be available for making Awards under the Plan. If the exercise price of any Option granted under the Plan is satisfied by tendering shares of Stock to the Company (by either actual delivery or by attestation), only the number of shares of Stock issued net of the shares of Stock tendered shall be deemed delivered for purposes of determining the maximum number of shares of Stock available for delivery under the Plan. Also shares tendered or withheld to cover applicable taxes will be available for making Awards under the Plan. Shares purchased on the open market from the cash proceeds received upon option exercises shall also be available for making Awards under the Plan.

5. EFFECTIVE DATE, DURATION AND AMENDMENTS

5.1 Effective Date.

The Plan shall be effective as of the Effective Date, subject to approval of the Plan by the Company's stockholders entitled to vote thereon. Upon approval of the Plan by the stockholders of the Company entitled to vote thereon as set forth above, all Awards made under the Plan on or after the Effective Date shall be fully effective as if the stockholders of the Company entitled to vote thereon had approved the Plan on the Effective Date.

5.2 Term.

The Plan shall terminate automatically ten (10) years after the Effective Date and may be terminated on any earlier date as provided in Sections 5.3 or 15.3. No Awards shall be made after termination of the Plan.

5.3 Amendment and Termination of the Plan.

The Board may, at any time and from time to time, amend, suspend, or terminate, in whole or in part, any or all of the provisions of this Plan (including any amendment deemed necessary to ensure that the Company may comply with any regulatory requirement referred to herein), or suspend or terminate it entirely, retroactively or otherwise; provided, however, that if the Board, in its sole discretion, determines that the rights of a Grantee with respect to an Award granted prior to such amendment, suspension or termination, may be adversely impaired, the consent of such Grantee shall be required or the terms of such Grantee's Award shall continue to be governed by the Plan without giving effect to any such amendment. An amendment to the Plan shall be contingent on approval of the Company's stockholders entitled to vote thereon only to the extent required by applicable law, regulations or rules. For the avoidance of doubt, nothing in this Section 5.3 shall be deemed to limit the discretion of the Board under Section 15.3.

5.4 Amendments of Awards.

The Board may, at any time and from time to time, amend the terms of any Award, prospectively or retroactively; provided, however, that if the Board, in its sole discretion, determines that the rights of a Grantee with respect to an Award may be adversely impaired by any such amendment, the consent of such Grantee shall be required.

TABLE OF CONTENTS

6. AWARD ELIGIBILITY

6.1 Employees and Other Service Providers.

Awards may be made under the Plan to any employee, officer or director of, or other Service Provider providing services to, the Company or any Affiliate thereof. To the extent required by applicable state law, Awards within certain states may be limited to employees and officers or employees, officers and directors. An eligible person may receive more than one Award, subject to such restrictions as are provided herein.

6.2 Limitations on Incentive Stock Options.

An Option shall constitute an Incentive Stock Option only (i) if the Grantee of such Option is an employee of the Company or any Subsidiary of the Company, (ii) to the extent specifically provided in the related Award Agreement and (iii) to the extent that the aggregate Fair Market Value (determined at the time the Option is granted) of the shares of Stock with respect to which all Incentive Stock Options held by such Grantee become exercisable for the first time during any calendar year (under the Plan and all other plans of the Grantee's employer and its Affiliates) does not exceed \$100,000. This limitation shall be applied by taking options into account in the order in which they were granted.

7. AWARD AGREEMENT

Each Award pursuant to the Plan shall be evidenced by an Award Agreement, in such form or forms as the Board shall from time to time determine, which specifies the number of shares subject to the Award (subject to adjustment in accordance with Section 15). Award Agreements granted from time to time or at the same time need not contain similar provisions but shall be consistent with the terms of the Plan. Each Award Agreement evidencing an Award of Options shall specify whether such Options are intended to be Nonqualified Stock Options or Incentive Stock Options, and in the absence of such specification such options shall be deemed Nonqualified Stock Options.

8. TERMS AND CONDITIONS OF OPTIONS

8.1 Option Price.

The Option Price of each Option shall be fixed by the Board and stated in the Award Agreement evidencing such Option. The Option Price shall not be less than the Fair Market Value on the Grant Date of a share of Stock; provided, however, that in the event that a Grantee is a Ten-Percent Stockholder, the Option Price of an Incentive Stock Option granted to such Grantee shall be not less than one hundred ten percent (110%) of the Fair Market Value of a share of Stock on the Grant Date.

Neither the Board nor any Committee shall have the authority to reprice any outstanding Option Grant under the plan unless the stockholders of the Company have approved such an action within a twelve (12) month period preceding or following such an event. They also cannot reduce exercise price, cannot exchange for cash, other award, or another option/SAR with an exercise price lower than the original exercise price.

8.2 Vesting.

Subject to Sections 8.3 and 15.3 hereof, each Option granted under the Plan shall become exercisable at such times and under such conditions as shall be determined by the Board and stated in the Award Agreement. For purposes of this Section 8.2, fractional numbers of shares of Stock subject to an Option shall be rounded down to the next nearest whole number. The Board may provide, for example, in the Award Agreement for (i) accelerated exercisability of the Option in the event the Grantee's Service terminates on account of death, Disability or another event, (ii) expiration of the Option prior to its term in the event of the termination of the Grantee's Service, (iii) immediate forfeiture of the Option in the event the Grantee's Service is terminated for Cause or (iv) unvested Options to be exercised subject to the Company's right of repurchase with respect to unvested shares of Stock.

8.3 Term.

Each Option granted under the Plan shall terminate, and all rights to purchase shares of Stock thereunder shall cease, upon the expiration of ten (10) years from the Grant Date, or under such circumstances and on such date prior thereto as is set forth in the Plan or as may be fixed by the Board and stated in the Award

TABLE OF CONTENTS

Agreement relating to such Option; provided, however, that in the event that the Grantee is a Ten-Percent Stockholder, an Option granted to such Grantee that is intended to be an Incentive Stock Option shall not be exercisable after the expiration of five (5) years from its Grant Date.

8.4 Exercise of Options on Termination of Service.

Each Award Agreement shall set forth the extent to which the Grantee shall have the right to exercise the Option following termination of the Grantee's Service. Such provisions shall be determined in the sole discretion of the Board, need not be uniform among all Options issued pursuant to the Plan, and may reflect distinctions based on the reasons for termination of Service.

8.5 Limitations on Exercise of Option.

Notwithstanding any other provision of the Plan, in no event may any Option be exercised, in whole or in part, prior to the date the Plan is approved by the stockholders of the Company entitled to vote thereon, or after ten (10) years following the Grant Date, or after the occurrence of an event referred to in Section 15 hereof which results in termination of the Option.

8.6 Exercise Procedure.

An Option that is exercisable may be exercised by the Grantee's delivery to the Company of written notice of exercise on any business day, at the Company's principal office, in the form specified by the Company. Such notice shall specify the number of shares of Stock with respect to which the Option is being exercised and shall be accompanied by payment in full of the Option Price of the shares for which the Option is being exercised. The minimum number of shares of Stock with respect to which an Option may be exercised, in whole or in part, at any time shall be the lesser of (i) one hundred (100) shares or such lesser number set forth in the applicable Award Agreement and (ii) the maximum number of shares available for purchase under the Option at the time of exercise. The Option Price shall be payable in a form described in Section 10.

8.7 Right of Holders of Options.

Unless otherwise stated in the applicable Award Agreement, an individual holding or exercising an Option shall have none of the rights of a stockholder of the Company (for example, the right to cash or dividend payments or distributions attributable to the subject shares of Stock) until the shares of Stock covered thereby are fully paid and issued to such individual.

8.8 Delivery of Stock Certificates.

Promptly after the exercise of an Option by a Grantee and the payment in full of the Option Price, such Grantee shall be entitled to the issuance of a stock certificate or certificates evidencing such Grantee's ownership of the shares of Stock purchased upon such exercise of the Option. Notwithstanding any other provision of this Plan to the contrary, the Company may elect to satisfy any requirement under this Plan for the delivery of stock certificates through the use of book-entry.

8.9 Transferability of Options.

Except as provided in Section 8.10, during the lifetime of a Grantee, only the Grantee (or, in the event of legal incapacity or incompetency, the Grantee's guardian or legal representative) may exercise an Option. Except as provided in Section 8.10, no Option shall be assignable or transferable by the Grantee to whom it is granted, other than by will or the laws of descent and distribution.

8.10 Family Transfers.

If authorized in the applicable Award Agreement, a Grantee may transfer, not for value, all or part of an Option that is not an Incentive Stock Option to any Family Member. For the purpose of this Section 8.10, a "not for value" transfer is a transfer which is (i) a gift, (ii) a transfer under a domestic relations order in settlement of marital property rights, or (iii) unless applicable law does not permit such transfers, a transfer to an entity in which more than fifty percent (50%) of the voting interests are owned by Family Members (or the Grantee) in exchange for an interest in that entity. Following a transfer under this Section 8.10, any such

TABLE OF CONTENTS

Option shall continue to be subject to the same terms and conditions as were applicable immediately prior to transfer, and shares of Stock acquired pursuant to the Option shall be subject to the same restrictions on transfer of shares as would have applied to the Grantee. Subsequent transfers of transferred Options are prohibited except to Family Members of the original Grantee in accordance with this Section 8.10 or by will or the laws of descent and distribution. The events of termination of Service under an Option shall continue to be applied with respect to the original Grantee, following which the Option shall be exercisable by the transferee only to the extent, and for the periods specified in the applicable Award Agreement, and the shares may be subject to repurchase by the Company or its assignee.

8.11 Notice of Disqualifying Disposition.

If any Grantee shall make any disposition of shares of Stock issued pursuant to the exercise of an Incentive Stock Option under the circumstances described in Code Section 421(b) (relating to certain disqualifying dispositions), such Grantee shall notify the Company of such disposition within ten (10) days thereof.

9. TERMS AND CONDITIONS OF RESTRICTED STOCK AND STOCK UNITS

9.1 Award of Restricted Stock and Stock Units.

The Board may from time to time grant Restricted Stock or Stock Units to persons eligible to receive Awards under Section 6 hereof, subject to such restrictions, conditions and other terms as the Board may determine.

9.2 Restrictions.

At the time an Award of Restricted Stock or Stock Units is made, the Board shall establish a restriction period applicable to such Restricted Stock or Stock Units. Each Award of Restricted Stock or Stock Units may be subject to a different restriction period. The Board may, in its sole discretion, at the time an Award of Restricted Stock or Stock Units is made, prescribe conditions that must be satisfied prior to the expiration of the restriction period, including the satisfaction of corporate or individual performance objectives or continued Service, in order that all or any portion of the Restricted Stock or Stock Units shall vest.

The Board also may, in its sole discretion, shorten or terminate the restriction period or waive any of the conditions applicable to all or a portion of the Restricted Stock or Stock Units. The Restricted Stock or Stock Units may not be sold, transferred, assigned, pledged or otherwise encumbered or disposed of during the restriction period or prior to the satisfaction of any other conditions prescribed by the Board with respect to such Restricted Stock or Stock Units.

9.3 Restricted Stock Certificates.

The Company shall issue, in the name of each Grantee to whom Restricted Stock has been granted, stock certificates representing the total number of shares of Restricted Stock granted to such Grantee, as soon as reasonably practicable after the applicable Grant Date. The Board may provide in an Award Agreement that either (i) the Secretary of the Company shall hold such certificates for the Grantee's benefit until such time as the Restricted Stock is forfeited to the Company, or the restrictions lapse, or (ii) such certificates shall be delivered to the Grantee; provided, however, that such certificates shall bear a legend or legends that complies with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under the Plan and the Award Agreement.

9.4 Rights of Holders of Restricted Stock.

Holders of Restricted Stock shall have the right to vote such Stock and, unless the Board otherwise provides in an Award Agreement, to receive any dividends declared or paid with respect to such Stock. The Board may provide that any dividends paid on Restricted Stock must be reinvested in shares of Stock, which may or may not be subject to the same or other vesting conditions and restrictions applicable to such Restricted Stock. All distributions, if any, received by a Grantee with respect to Restricted Stock as a result of any stock split, stock dividend, combination of shares, or other similar transaction shall be subject to the restrictions applicable to the original Award. In the case of unearned performance awards (shares/units), dividend payouts/dividend equivalents are prohibited.

TABLE OF CONTENTS

9.5 Rights of Holders of Stock Units.

9.5.1 Voting and Dividend Rights.

Holders of Stock Units shall have no rights as stockholders of the Company. The Board may provide in an Award Agreement evidencing a grant of Stock Units that the holder of such Stock Units shall be entitled to receive, upon the Company's payment of a cash dividend on its outstanding Stock, a cash payment for each Stock Unit held equal to the per-share dividend paid on the Stock. Such Award Agreement may also provide that such cash payment will be deemed reinvested in additional Stock Units at a price per unit equal to the Fair Market Value of a share of Stock on the date that such dividend is paid.

9.5.2 Creditor's Rights.

A holder of Stock Units shall have no rights other than those of a general creditor of the Company. Stock Units represent an unfunded and unsecured obligation of the Company, subject to the terms and conditions of the applicable Award Agreement.

9.6 Termination of Service.

Unless otherwise provided by the Board in the applicable Award Agreement, upon the termination of a Grantee's Service with the Company or an Affiliate thereof, any shares of Restricted Stock or Stock Units held by such Grantee that have not vested, or with respect to which all applicable restrictions and conditions have not lapsed, shall immediately be deemed forfeited. Upon forfeiture of Restricted Stock or Stock Units, the Grantee shall have no further rights with respect to such Award, including, but not limited to, the right to vote Restricted Stock and any right to receive dividends with respect to shares of Restricted Stock or Stock Units.

9.7 Purchase and Delivery of Stock.

The Grantee shall be required to purchase the Restricted Stock or Stock Units from the Company at a Purchase Price equal to the greater of (i) the aggregate par value of the shares of Stock represented by such Restricted Stock or Stock Units or (ii) the Purchase Price, if any, specified in the Award Agreement relating to such Restricted Stock or Stock Units. The Purchase Price shall be payable in a form described in Section 10 or, in the discretion of the Board, in consideration for past Services rendered to the Company or an Affiliate thereof.

Upon the expiration or termination of the restriction period and the satisfaction of any other conditions prescribed by the Board, having properly paid the Purchase Price, the restrictions applicable to shares of Restricted Stock or Stock Units settled in Stock shall lapse, and, unless otherwise provided in the Award Agreement, a stock certificate for such shares shall be delivered, free of all such restrictions, to the Grantee or the Grantee's beneficiary or estate, as the case may be, upon the surrender of any stock certificate(s) previously issued to such Grantee in respect of such shares. Neither the Grantee, nor the Grantee's beneficiary or estate, shall have any further rights with regard to a Stock Unit once the share of Stock represented by the Stock Unit has been delivered.

10. FORM OF PAYMENT

Payment of the Option Price for the shares purchased pursuant to the exercise of an Option or the Purchase Price for Restricted Stock or Stock Units shall be made in cash or in cash equivalents acceptable to the Company. In addition, to the extent the Award Agreement so provides, payment of the Option Price for shares purchased pursuant to exercise of an Option may be made in any other form that is consistent with applicable laws, regulations and rules.

11. WITHHOLDING TAXES

The Company or an Affiliate thereof, as the case may be, shall have the right to deduct from payments of any kind otherwise due to a Grantee any federal, state, or local taxes of any kind required by law to be withheld with respect to the vesting of or other lapse of restrictions applicable to an Award or upon the issuance of any shares of Stock or payment of any kind upon the exercise of an Option. At the time of such vesting, lapse, or exercise, the Grantee shall pay to the Company or the Affiliate thereof, as the case may be, any amount that the Company or the Affiliate thereof may reasonably determine to be necessary to satisfy

TABLE OF CONTENTS

such withholding obligation. Subject to the prior approval of the Company or the Affiliate thereof, which may be withheld by the Company or the Affiliate thereof, as the case may be, in its sole discretion, the Grantee may elect to satisfy such obligations, in whole or in part, (i) by causing the Company or the Affiliate thereof to withhold shares of Stock otherwise issuable to the Grantee or (ii) by delivering to the Company or the Affiliate shares of Stock already owned by the Grantee. The shares of Stock so delivered or withheld shall have an aggregate Fair Market Value equal to such withholding obligations. The Fair Market Value of the shares of Stock used to satisfy such withholding obligation shall be determined by the Board as of the date that the amount of tax to be withheld is to be determined. A Grantee who has made an election pursuant to this Section 11 may satisfy his or her withholding obligation only with shares of Stock that are not subject to any repurchase, forfeiture, unfulfilled vesting, or other similar requirements. The maximum number of shares of Stock that may be withheld from any Award to satisfy any federal, state or local tax withholding requirements upon the exercise, vesting, lapse of restrictions applicable to such Award or payment of shares pursuant to such Award, as applicable, cannot exceed such number of shares having a Fair Market Value equal to the minimum statutory amount required by the Company to be withheld and paid to any such federal, state or local taxing authority with respect to such exercise, vesting, lapse of restrictions or payment of shares.

12. RESTRICTIONS ON TRANSFER OF SHARES OF STOCK

12.1 Repurchase and Other Rights.

Stock issued upon exercise of an Option or pursuant to an Award of Restricted Stock or Stock Units may be subject to such right of repurchase upon termination of Service or other transfer restrictions as the Board may determine, consistent with applicable law. Any additional restrictions shall be set forth in the Award Agreement; provided, however, that no such restrictions shall be inconsistent with the terms of the Plan.

12.2 Installment Payments.

In the case of any repurchase of shares of Stock acquired by the Grantee pursuant to the exercise of an Option or under an Award of Restricted Stock or Stock Units, the Company or its permitted assignee may pay the Grantee, transferee, or other registered owner of the Stock the purchase price in three (3) or fewer annual installments. Interest shall be credited on the installments at the applicable federal rate (as determined for purposes of Section 1274 of the Code) in effect on the date on which the purchase is made. The Company or its permitted assignee shall pay at least one-third of the total purchase price each year, plus interest on the unpaid balance, with the first payment being made on or before the 60th day after the purchase.

12.3 Legend.

In order to enforce the restrictions imposed upon shares of Stock under this Plan or as provided in an Award Agreement, the Board may cause a legend or legends to be placed on any certificate representing shares issued pursuant to this Plan that complies with the applicable securities laws and regulations and makes appropriate reference to the restrictions imposed under it.

13. PARACHUTE LIMITATIONS

Notwithstanding any other provision of this Plan or of any other agreement, contract or understanding heretofore or hereafter entered into by a Grantee with the Company or any Affiliate thereof, except an agreement, contract or understanding that expressly addresses Section 280G or Section 4999 of the Code (an “**Other Agreement**”), and notwithstanding any formal or informal plan or other arrangement for the direct or indirect provision of compensation to the Grantee (including groups or classes of participants or beneficiaries of which the Grantee is a member), whether or not such compensation is deferred, is in cash, or is in the form of a benefit to or for the Grantee (a “**Benefit Arrangement**”), if the Grantee is a “disqualified individual,” as defined in Section 280G(c) of the Code, any Awards held by that Grantee and any right to receive any payment or other benefit under this Plan shall not become exercisable or vested (i) to the extent that such right to exercise, vesting, payment, or benefit, taking into account all other rights, payments, or benefits to or for the Grantee under this Plan, all Other Agreements, and all Benefit Arrangements, would cause any payment or benefit to the Grantee under this Plan to be considered a “parachute payment” within the meaning of Section 280G(b)(2) of the Code as then in effect (a “**Parachute Payment**”) and (ii) if, as a result of receiving a Parachute Payment, the aggregate after-tax amounts received by the Grantee from the Company

TABLE OF CONTENTS

under this Plan, all Other Agreements, and all Benefit Arrangements would be less than the maximum after-tax amount that could be received by the Grantee without causing any such payment or benefit to be considered a Parachute Payment. In the event that the receipt of any such right to exercise, vesting, payment, or benefit under this Plan, in conjunction with all other rights, payments, or benefits to or for the Grantee under any Other Agreement or any Benefit Arrangement would cause the Grantee to be considered to have received a Parachute Payment under this Plan that would have the effect of decreasing the after-tax amount received by the Grantee as described in clause (ii) of the preceding sentence, then those rights, payments, or benefits under this Plan, any Other Agreements, and any Benefit Arrangements shall be reduced or eliminated so as to avoid having the payment or benefit to the Grantee be deemed to be a Parachute Payment. The Company shall reduce or eliminate the Parachute Payments by first reducing or eliminating any cash payments benefits (with the payments to be made furthest in the future being reduced first), then by reducing or eliminating any accelerated vesting of Options, then by reducing or eliminating any accelerated vesting of Restricted Stock, then by reducing or eliminating any other remaining Parachute Payments unless otherwise specified in any executed executive agreements.

14. REQUIREMENTS OF LAW

14.1 General.

The Company shall not be required to sell or issue any shares of Stock under any Award if the sale or issuance of such shares would constitute a violation by the Grantee, any other individual exercising a right emanating from such Award, or the Company of any provision of any law or regulation of any governmental authority, including without limitation any federal or state securities laws or regulations. If at any time the Company shall determine, in its discretion, that the listing, registration or qualification of any shares subject to an Award upon any securities exchange or under any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the issuance or purchase of shares hereunder, no shares of Stock may be issued or sold to the Grantee or any other individual exercising an Option pursuant to such Award unless such listing, registration, qualification, consent or approval shall have been effected or obtained free of any conditions not acceptable to the Company, and any delay caused thereby shall in no way affect the date of termination of the Award. Without limiting the generality of the foregoing, in connection with the Securities Act, upon the exercise of any right emanating from such Award or the delivery of any shares of Restricted Stock, unless a registration statement under the Securities Act is in effect with respect to the shares of Stock covered by such Award, the Company shall not be required to sell or issue such shares unless the Board has received evidence satisfactory to it that the Grantee or any other individual exercising an Option may acquire such shares pursuant to an exemption from registration under the Securities Act. Any determination in this connection by the Board shall be final, binding, and conclusive. The Company may, but shall in no event be obligated to, register any securities covered hereby pursuant to the Securities Act. The Company shall not be obligated to take any affirmative action in order to cause the exercise of an Option or the issuance of shares of Stock pursuant to the Plan to comply with any law or regulation of any governmental authority. As to any jurisdiction that expressly imposes the requirement that an Option shall not be exercisable until the shares of Stock covered by such Option are registered or are exempt from registration, the exercise of such Option (under circumstances in which the laws of such jurisdiction apply) shall be deemed conditioned upon the effectiveness of such registration or the availability of such an exemption.

14.2 Rule 16b-3.

During any time when the Company has a class of equity security registered under Section 12 of the Exchange Act, it is the intent of the Company that Awards pursuant to the Plan and the exercise of Options granted hereunder will qualify for the exemption provided by Rule 16b-3 under the Exchange Act. To the extent that any provision of the Plan or action by the Board does not comply with the requirements of Rule 16b-3, it shall be deemed inoperative to the extent permitted by law and deemed advisable by the Board, and shall not affect the validity of the Plan. In the event that Rule 16b-3 is revised or replaced, the Board may exercise its discretion to modify this Plan in any respect necessary to satisfy the requirements of, or to take advantage of any features of, the revised exemption or its replacement.

[TABLE OF CONTENTS](#)

15. EFFECT OF CHANGES IN CAPITALIZATION

15.1 Changes in Stock.

If the number of outstanding shares of Stock is increased or decreased or the shares of Stock are changed into or exchanged for a different number or kind of shares or other securities of the Company on account of any recapitalization, reclassification, stock split, reverse split, combination of shares, exchange of shares, stock dividend or other distribution payable in capital stock, or other increase or decrease in such shares effected without receipt of consideration by the Company occurring after the Effective Date, the number and kinds of shares for which Awards may be made under the Plan shall be adjusted proportionately and accordingly by the Board. In addition, the number and kind of shares for which Awards are outstanding shall be adjusted proportionately and accordingly so that the proportionate interest of the Grantee immediately following such event shall, to the extent practicable, be the same as immediately before such event. Any such adjustment in outstanding Options shall not change the aggregate Option Price payable with respect to shares that are subject to the unexercised portion of an outstanding Option, but shall include a corresponding proportionate adjustment in the Option Price per share. The conversion of any convertible securities of the Company shall not be treated as an increase in shares effected without receipt of consideration. Notwithstanding the foregoing, in the event of any distribution to the Company's stockholders of securities of any other entity or other assets (including an extraordinary dividend but excluding a non-extraordinary dividend of the Company) without receipt of consideration by the Company, the Company shall, in such manner as the Company deems appropriate, adjust (i) the number and kind of shares subject to outstanding Awards and/or (ii) the exercise price of outstanding Options to reflect such distribution.

15.2 Reorganization in Which the Company Is the Surviving Entity and in Which No Change of Control Occurs.

Subject to the exception set forth in the last sentence of [Section 15.4](#), if the Company shall be the surviving entity in any reorganization, merger, or consolidation of the Company with one or more other entities and in which no Change of Control occurs, any Award theretofore made pursuant to the Plan shall pertain to and apply to the securities to which a holder of the number of shares of Stock subject to such Award would have been entitled immediately following such reorganization, merger, or consolidation, and with a corresponding proportionate adjustment of the Option Price per share so that the aggregate Option Price thereafter shall be the same as the aggregate Option Price of the shares remaining subject to the Option immediately prior to such reorganization, merger, or consolidation. In the event of a transaction described in this [Section 15.2](#), Stock Units shall be adjusted so as to apply to the securities that a holder of the number of shares of Stock subject to the Stock Units would have been entitled to receive immediately following such transaction.

15.3 Change of Control.

Subject to the exceptions set forth in the last sentence of this [Section 15.3](#) and the last sentence of Section 15.4, upon the occurrence of a Change of Control either of the following two actions shall be taken:

- (i) fifteen days prior to the scheduled consummation of a Change of Control, all shares of Restricted Stock and Stock Units shall become immediately vested and all Options outstanding hereunder shall become immediately exercisable unless otherwise specified in any executed executive agreements and shall remain exercisable for a period of fifteen days, or
- (ii) the Board may elect, in its sole discretion, to cancel any outstanding Awards and pay or deliver, or cause to be paid or delivered, to the holder thereof an amount in cash or securities having a value (as determined by the Board acting in good faith) equal to the product of the number of shares of Stock subject to the Award (the "Grant Shares") multiplied by the amount, if any, by which (I) the formula or fixed price per share paid to holders of shares of Stock pursuant to such transaction exceeds (II) the Option Price applicable to such Grant Shares.

With respect to the Company's establishment of an exercise window, (i) any exercise of an Option during such period shall be conditioned upon the consummation of the event and shall be effective only immediately before the consummation of the event, and (ii) upon consummation of any Change of Control, the Plan and all outstanding but unexercised Options shall terminate. The Board shall send written notice of an event that will

TABLE OF CONTENTS

result in such a termination to all individuals who hold Options not later than the time at which the Company gives notice thereof to its stockholders.

This Section 15.3 shall not apply to any Change of Control to the extent that provision is made in writing in connection with such Change of Control for the assumption or continuation of the Options, Stock Units or shares of Restricted Stock theretofore granted, or for the substitution for such Awards for new common stock options, stock units or new shares of restricted stock relating to the stock of a successor entity, or a parent or subsidiary thereof, with appropriate adjustments as to the number of shares (disregarding any consideration that is not common stock) and option prices, in which event the Awards theretofore granted shall continue in the manner and under the terms so provided. In the event a Grantee's Award is assumed, continued or substituted upon the consummation of any Change of Control and his employment is terminated without Cause within one year following the consummation of such Change of Control, the Grantee's Award will be fully vested and may be exercised in full, to the extent applicable, for the period set forth in the Grantee's Award Agreement or for such longer period as the Committee may determine.

15.4 Adjustments.

Adjustments under Section 15 related to shares of Stock or securities of the Company shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. No fractional shares or other securities shall be issued pursuant to any such adjustment, and any fractions resulting from any such adjustment shall be eliminated in each case by rounding downward to the nearest whole share. The Board may provide in Award Agreements at the time of grant, or any time thereafter with the consent of the Grantee, for different provisions to apply to an Award in place of those described in Sections 15.1 – 15.3.

15.5 No Limitations on Company.

The making of Awards pursuant to the Plan shall not affect or limit in any way the right or power of the Company to make adjustments, reclassifications, reorganizations, or changes of its capital or business structure or to merge, consolidate, dissolve, or liquidate, or to sell or transfer all or any part of its business or assets.

16. GENERAL PROVISIONS

16.1 Disclaimer of Rights.

No provision in the Plan or in any Award or Award Agreement shall be construed to confer upon any individual the right to remain in the employ or service of the Company or any Affiliate thereof, or to interfere in any way with any contractual or other right or authority of the Company either to increase or decrease the compensation or other payments to any individual at any time, or to terminate any employment or other relationship between any individual and the Company or any Affiliate thereof. The obligation of the Company to pay any benefits pursuant to this Plan shall be interpreted as a contractual obligation to pay only those amounts described herein, in the manner and under the conditions prescribed herein. The Plan shall in no way be interpreted to require the Company to transfer any amounts to a third party trustee or otherwise hold any amounts in trust or escrow for payment to any participant or beneficiary under the terms of the Plan.

16.2 Nonexclusivity of the Plan.

Neither the adoption of the Plan nor the submission of the Plan to the stockholders of the Company entitled to vote thereon for approval shall be construed as creating any limitations upon the right and authority of the Board to adopt such other incentive compensation arrangements (which arrangements may be applicable either generally to a class or classes of individuals or specifically to a particular individual or particular individuals) as the Board in its discretion determines desirable, including, without limitation, the granting of stock options otherwise than under the Plan.

16.3 Captions.

The use of captions in this Plan or any Award Agreement is for the convenience of reference only and shall not affect the meaning of any provision hereof or thereof.

16.4 Other Award Agreement Provisions.

Each Award under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Board, in its sole discretion.

TABLE OF CONTENTS

16.5 Number and Gender.

With respect to words used in this Plan, the singular form shall include the plural form, the masculine gender shall include the feminine gender, etc., as the context requires.

16.6 Severability.

If any provision of the Plan or any Award Agreement shall be determined to be illegal or unenforceable by any court of law in any jurisdiction, the remaining provisions hereof and thereof shall be severable and enforceable in accordance with their terms, and all provisions shall remain enforceable in any other jurisdiction.

16.7 Governing Law.

The validity and construction of this Plan and the instruments evidencing the Awards awarded hereunder shall be governed by the laws of the State of Maryland other than any conflicts or choice of law rule or principle that might otherwise refer construction or interpretation of this Plan and the instruments evidencing the Awards awarded hereunder to the substantive laws of any other jurisdiction.

16.8 Code Section 409A.

The Board intends to comply with Section 409A of the Code, or an exemption to Section 409A of the Code, with regard to Awards hereunder that constitute nonqualified deferred compensation within the meaning of Section 409A of the Code. To the extent that the Board determines that a Grantee would be subject to the additional twenty percent (20%) tax imposed on certain nonqualified deferred compensation plans pursuant to Section 409A of the Code as a result of any provision of any Award granted under this Plan, such provision shall be deemed amended to the minimum extent necessary to avoid application of such additional tax. The nature of any such amendment shall be determined by the Board.
